

Columbus, May 4.—The supreme court today held unconstitutional the law forbidding an employer to discharge an employee because of membership in a union. The law provides a \$100 fine or six months imprisonment for violation of its provisions. In giving this decision the court quoted a recent decision of the United States supreme court in a Kansas case. Today's decision was given in the case of William H. Jackson, chief of police of Cincinnati, and others, against Paul Berger, Berger, as agent and employee of the Roth Shoe company, discharged Edward Schroeder because Schroeder was a member of the United Shoe Workers' Union. The decision knocks out the law making it an offense for an employer to discharge an employee because he belongs to a union. In handing down its decision the court said: "On January 25, 1915, the supreme court of the United States in the case of Coppage vs. the State of Kansas, held that a Kansas statute, similar to the Ohio law here involved, was violative of the federal constitution and in so deciding overruled the supreme court of Kansas. "Section 12945, general code, the Ohio act, is concededly similar to the Kansas statute and concededly the only question made is whether it contravenes the federal constitution. "The supreme court of the United States, having passed directly on the question, its decision is conclusive in this court. "The construction placed upon provisions of the federal constitution by our highest tribunal and its decisions on purely federal questions are binding upon the state courts. Conflict of authority between the state and nation upon federal question would result in antagonism and governmental collision between the nation and the several states. The judgment is affirmed. ALLIED TEUTONS TOOK 21,500 PRISONERS IN BREAKING THROUGH RUSSIA'S GALICIAN FRONT

4,000 CAPTURED IN GERMAN INVASION OF BALTIC PROVINCES

Berlin, May 4. (Via London).—The Russians lost 21,500 prisoners to the Germans and the Austrians in the recent heavy fighting in Western Galicia, according to an official statement given out in Berlin today.

This is the engagement in which the Germans and the Austrians claim a notable victory. In addition to the men captured the Teutonic allies took sixteen pieces of artillery, 47 machine guns and a large quantity of war material.

The Germans yesterday took five positions in Flanders where the fighting has been hot for many months past.

The same announcements put forth that in the German invasion of the Baltic provinces of Russia the Germans have captured more than four thousand retreating Russians. Other engagements in Russian Poland are described as having resulted favorably to the Germans.

London Admits Russians Suffered Loss of Ground

London, May 4.—The reported Russian reverse in Western Galicia took precedence over all other phases of the war today, and even over shadowed discussion of the forthcoming engagements.

Striking an average between Austrian and German official accounts, London newspapers agree that the Russians must have been pushed back a considerable distance along this front, which runs north and south a distance of about 60 miles from the Carpathians over Barfield, to the junction of the Danube and Vistula rivers on the border of Russian Poland.

Petroleum expresses little concern over the situation, although admitting that the Austro-German foremen are making strong attacks along the front, on which they claim a great victory.

Hill No. 60 Object of German Offensive

German official advices concerning operations on the western front confirm the French and British reports of attacks by the invaders on Sedan but nothing is said about the assertion of the allies that Hill 60 is again the object of the German offensive.

Russia is again co-operating in the attack on Constantinople by renewing bombardment of the Bosphorus forts.

The crisis in the China-Japan negotiations is attracting much attention. The press discusses the controversy with reserve although this attitude does not conceal the fact that there is considerable uneasiness over the situation in the far east.

AVIATOR IS KILLED.

El Paso, Tex., May 4.—Jack Mayes, a San Francisco aviator, was killed yesterday at Aguas Calientes in making a flight in one of the aeroplanes purchased for the Villa army.

CELEBRATE IN BERLIN

Berlin, (Via London), May 4.—The reports announcing a great victory in the Carpathians yesterday led to the entire city of Berlin decking itself with flags. The Central telephone stations, the newspaper offices and hotels were besieged by crowds seeking details.

The excitement began when the authorities received orders to fly the flags "on account of a great victory in the Carpathians."

ALSACE FORTS ARE SHELLED

Basel, Switzerland, May 4. (Via Paris).—The fortifications of Altkirch, in Upper Alsace were heavily bombarded by French artillery last Saturday, May 1. On Sunday the French cannon continued firing in the direction of Germany. The result of this activity has not yet been made known.

CHILD VICTIM OF MURDERER

New York, May 4.—Convinced that Charles Murray the four and a half year old boy murdered in the hallway of a lower east side tenement last night was slain by the man who on March 19 killed Leonore Cohen, five years old, the police made energetic efforts today to arrest the murderer. Both crimes were of "ripper" murders, presenting many similar features.

Rome, May 3. (Via Paris).—May 4.—The Idem Nazionale's Corson, Austria, correspondent says Germany has sent two Zeppelins to Pola, the Austrian arsenal on the Adriatic.

SMYRNA BOMBARDED READY TO SURRENDER, ALLIED TROOPS LAND

London, May 4.—British troops are now advancing into the interior of the Gallipoli Peninsula, according to an official statement issued in London this afternoon.

London, May 4.—In a despatch from Athens received by the Exchange Telegraph company, the declaration is made that the Veli of Smyrna has entered into fresh negotiations with the allies for the surrender of the town.

Warships of the allies bombarded the Turkish port of Smyrna, the eastern shore of the Aegean sea and south of the entrance to the Dardanelles, the early part of March. The activities were repeated again on the 13th and 14th of March and on March 15 despatches were received saying that the city had been badly damaged.

The place was attacked again on April 5 and again on the 27th. It has been related that after the engagement of March 15 the British admiral opened negotiations with the Veli (governor) of Smyrna for the surrender of the city but this proposal was rejected by the governor.

Athens, May 4.—The allies are reported to have effected a landing near the site of the ancient Ephesus, a location 35 miles south of southeast of Smyrna.

PETITION CONGRESS TO MAKE CANAL SURVEY

Columbus, May 4.—The senate today passed under suspension of rules a resolution presented by Senator Collins, of Hamilton, petitioning congress to survey the route for a proposed canal from De-fund to Cincinnati along the old Miami and Erie canal.

The senate also passed the Wick line bill providing for creation of a commission of five to investigate the need for a state office building in Columbus and to erect it with funds secured from interest on state money.

BORROWS \$20,000,000, TO RESUME BIG OPERATIONS

Uniontown, Pa., May 4.—Joseph V. Thompson, banker and holder of extensive coal properties in western Pennsylvania, eastern Ohio and West Virginia, whose financial embarrassment has been widely felt in the three states for several months, announced today that he had negotiated a loan of \$20,000,000 and that he and his associates would soon be freed of their troubles.

Mr. Thompson said that the First National bank of Uniontown which has been in the hands of a receiver since January 18, would re-open within six weeks.

Price Hill Incline Wins Court Decision

Columbus, May 4.—Decisions of the lower courts, of Hamilton county in awarding damages to the Price Hill Incline Plane Railroad company, against the city of Cincinnati are upheld by the action of the supreme court here today in refusing to allow a motion for an order directing the court of appeals of Hamilton county to certify its record in the case.

The railroad company had secured a verdict for \$5,936.49 from the city for damage it sustained when a slide of earth destroyed property of the company and also caused much damage to its freight business.

IN CLEVELAND DISTRICT

Washington, May 4.—The Federal Reserve Board today announced that it has decided to grant the petition of banks of Tyler and Wetzel counties in West Virginia to be put into the Cleveland district.

LONG AWAITED ACTION AGAIN CARRIED OVER

Rome, May 4.—(via Paris).—The decision of King Victor Emmanuel and the members of the ministry not to take part in the ceremony of the unveiling of the Garibaldi monument at Quarto San Elena is being commented upon today as a step of very great significance.

The presence of his majesty at the unveiling had come to be regarded as virtually tantamount to a declaration of war. Now the change in the king's plans is regarded as meaning that the participation of Italy in the European conflict again has been postponed.

The hope is being entertained by the pacifists that efforts of Italy to arrange a peaceful solution of her problems may ultimately be successful.

"In view of the international situation, the king and his ministers cannot leave the Capital to be present at the unveiling of the Garibaldi monument at Quarto San Elena," was the text of a note issued after the meeting of the cabinet yesterday. Its publication produced a profound effect upon public opinion.

BRITISH COAL STEAMER LOST

London, May 4.—The British steamer Minterne, from Cardiff for the River Plate, with 6,000 tons of coal, was torpedoed off the Scilly Islands, Monday. Two firemen were killed and the second engineer was injured. The wounded man and the remainder of the crew have been landed at Penzance.

ENGLAND FIGURES YEAR'S EXPENSE

London, May 4.—In presenting the budget to the house of commons today the chancellor of the exchequer, David Lloyd George, estimated that if the war lasted during the whole of the fiscal year Great Britain's expenditure in that time would be 1,135,434,000 pounds sterling (\$5,682,170,000).

Mr. Lloyd George said that if the war should last six months instead of a year, Great Britain's estimated expenditure would be 790,458,000 pounds sterling (\$3,582,260,000).

WILLIS AND HAMILTON COUNTIANS DISAGREE ON LIQUOR MEASURES

Columbus, May 4.—Wide disagreement between Governor Willis and Hamilton county interests over the law enforcement feature of the new liquor license decentralizing bill was reported from the governor's office today at the end of a three hour conference between Peter W. Durr, Hamilton county leader, W. O. Proctor, of Cincinnati, Governor Willis, Senator McDermott of Trumbull, author of the proposed license bill and Wayne B. Wheeler, of the Anti-Saloon league in Ohio.

From nine o'clock this morning until past noon, the conference argued the question of whether state authorities should be given final power to hear appeals of saloon proprietors whose licenses are revoked by the district commissioners. The Cincinnati men told the governor they would insist that the district commissioners be given final authority in such cases, it was reported.

West Virginia: Thunder showers this afternoon; fair, cooler tonight; Wednesday fair.

HONEST KENTUCKY BOY SOLVES THIEF MYSTERY

The honesty of Edgar Murphy, a Garrison, Ky., youth, enabled the police to clear up a bicycle theft Tuesday noon.

Young Murphy had read an item in the Times telling of the disappearance from in front of the Pennant pool parlor of a bicycle belonging to Roy Leichner, 61 No. 1835 Eighth street, last Friday night. Thinking it might be the same wheel for which he traded a cheap watch and \$3 in money he came to Portsmouth to investigate. He hunted up Leichner and as soon as he described his wheel was convinced that he had the stolen bicycle in his possession.

They at once took steps to capture Everett McGinnis, aged 17 years, a floatstown youth with whom Murphy had made the trade. He knew him personally, having formerly lived in the East End. Murphy twice visited the McGinnis home on New Seventh

street without being able to get any responses to his knocks at the door. He and Leichner then enlisted the services of Officer Joe Bonzo.

Leichner stationed himself in the alley at the rear while Bonzo entered the yard from the front. He did not stop to knock but hurried for the rear part of the house and did so just in the nick of time for he caught sight of the boy totting a suit case and in the act of unlatching the gate. McGinnis started to run but when ordered to stop retraced his steps and was seized by Leichner. He admitted the theft of the bicycle and claimed to have thrown Murphy's watch away.

McGinnis was recognized at police headquarters as an old offender at bicycle stealing. According to Murphy he had disposed of five bicycles at Garrison of late and was to have brought another one down in the next few days.

What Thin Folks Should Do To Gain Weight

Physician's Advice for Thin, Underdeveloped Men and Women

Thousands of people suffer from excessive thinness, weak nerves and feeble constitutions who, having tried advertised food-cures, food-cakes, physical culture and other such means, resign themselves to life-long skinniness and thinness. The cause is not hopeless. A recently discovered regenerative force makes fat grow after years of skinniness and is also an equalizer for restoring the waste of skinniness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Surgol. Six strengthening, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A woman's systematic use of Surgol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated food to the blood. Increased nourishment is obtained from the food eaten, and the additional food that thin people need are provided. Fisher and Streich and other leading druggists supply Surgol and say there is a large demand for it. While this new preparation has given splendid results to a nervous and emaciated man, it should be used by nervous people unless they wish to gain at least ten pounds of flesh.

Geeks Will Hold A Social Session

Three candidates, Philip Wolff, Byron Prediger and Frank Stanton, were admitted into the mysteries of the Order of Geeks, a new and thriving social organization recently formed in this city, at the meeting Monday evening in Wilhelmette hall. The new members were cordially received into the select membership and each made fitting acknowledgments.

It was unanimously decided to hold a social session at the close of the meeting two weeks hence. A committee consisting of Frank Stanton, John Benedict and Chief John Millikin was appointed to have charge of the details. Each member is privileged to bring one friend, and the affair promises to be a most enjoyable one.

Many Working

All of the old time employees of the N. & W. shop, forces at East Portsmouth, have returned to work during the past week and the plant is now in full operation on the eight hour per day work plan. Many of the men had been laid off since last October.

Police Are Kept Busy With Raids & Fights

The police were kept on the jump Monday night, three different fights, a raid and other minor activities causing the unusual activity.

Jim Long and Jim Baisten had a fierce fight on Waller near Tenth street, and Baisten needed the services of a doctor to dress a wound on his head. They furnished bond and were released.

Earl Sly and George Barr, a grazer of Hay and Front street, got into a fight over an account and Sly was arrested.

John Sikes and Willis Underwood also "hooked up," the latter, so police say, accusing Sikes of slandering his wife.

The home of Almada Lewis, near the Kops Bros' brick yard on Tenth street, was raided at 11 o'clock and a woman giving the name of Clintelline Cooper-Brown, a bride of a few months, was caught in a room with a man giving the name of George Sales. She was locked up while he was released on bond. The Lewis woman was ordered to appear in court Tuesday morning. She was recently ordered out of town for conducting an alleged disorderly house.

The Brown woman pleaded guilty to a Tuesday and was fined \$20. Sales failed to appear and thereby forfeited a \$10 bond. She claimed that she did clothes washings for Sales.

Sly excused his attack upon the young grazer by saying he had been drinking and was peevish when he entered the store. Barr took exceptions to something he said and this precipitated the fight. Sly was fined \$10 and costs but the fine was remitted.

Baisten was fined \$20 for disorderly conduct but half of the amount was remitted. He claimed to have been robbed of seven or eight dollars by an unknown man while in the pool room. Long failed to appear, forfeiting a \$10 bond.

Sikes was tried on a charge of threatening to assault Liza Underwood. He was fined \$10 but it was remitted.

Arrest Negro On A Serious Charge

Police received a hurry call to the Chillicothe pike Tuesday noon Mrs. Charles Ruhlman reporting that a negro was acting indecently before little girls in that neighborhood.

When Officer Theo Brannham approached the scene the negro bolted in the direction of the N. & W. tracks but the city service wagon hastily turned back and

Officer Grant Coughs grabbed a negro hurrying towards the pike crossing. He gave his name as John Bensley and although he denied, he was the man wanted, claiming that there were quite a number of drunken negroes strewn along the tracks he was taken into custody and locked up. Mr. Ruhlman is in Akron, Ohio, at the present time.

Drunks Fined

Ed Moses, who was found staggering along Chillicothe street, George Neff, who was found down and out in an alley, Russ Males, who applied for lodging while in an intoxicated condition, J. W. Burns and Isaac Colley, who were found drunk at the N. & W. depot and Bill Olds, Albert Boss and D. Bova, who were picked up for loitering just after alighting from a freight train Monday night, were fined \$5 each in police court Tuesday.

COMMENCEMENT TO BE HELD ON JUNE 1

The annual commencement exercises of St. Mary's parochial school will be held Tuesday evening, June 1st, at the school hall. There are nine graduates in this year's class. The school will hold an entertainment on the evening of May 31st, which will be repeated the following evening, as the hall has a seating capacity of only 350. An interesting program has been prepared.

It was originally planned to hold this year's commencement at the High School Auditorium, but the illness of the principal, Sister M. Ephraim, caused a change in plans. The parochial school will also close on June 1st.

Members of this year's graduating class are as follows: Fred Briggs, George Welby, Paul Younger, Vera Seymour, Gertrude Billman, Dorothy Wang, Mary Blair and Rosa Kern.

Fair Grounds Are To Be Improved

At a meeting Monday of the special committee on improvements, appointed by the directors of the Scioto County Agricultural Society at its recent meeting, various recommendations were decided upon, which will be submitted to the Fair board at its next meeting.

Among the improvements recommended are the following: the erection of an agricultural building, 20x40 feet; the construction of a ladies' rest room, fitted with comfortable chairs; the building of an arched gate-way lettered at the top with the words, "The County Fair Grounds"; a double gate at the main entrance, an extra ticket office near the N. & W.

tracks provided with a turnstile to take care of the passenger traffic, and the re-building of the fence along the Chillicothe-Portsmouth turnpike; re-roofing of several buildings; the addition of several box stalls in the horse and cattle barns; removal of the live stock water tank nearer the stables; purchase of a new gasoline pumping outfit, and the digging of a new well to provide better water service.

Action will be taken by the board of directors at their next meeting, two weeks from last Friday. The members of the special committee are A. S. Monton, Dr. J. N. Thomas, and A. R. Miller.

Girls Will Play

Unsanitary Houses In City Condemned By Health Board; Plumbers Bonds Discussed

The City Board of Health took steps yesterday afternoon to abolish unsanitary houses in the city and also to abate various nuisances which are detrimental to health of residents.

That plumbers' bonds will have to be examined hereafter before they are granted a license was also decided on.

All reports were accepted and the monthly schedule of bills was allowed.

City Physician C. W. Wendelken presented with his report a list of houses which are either badly in need of repairs, unfit for habitation, or their surroundings are unsanitary.

The houses are to be carded by the health officer as unfit for habitation, a resolution being passed to this effect. Clerk John W. Berndt was instructed to prepare resolutions, resolving "that in the opinion of the Board of Health the described premises constitute a public nuisance and are ordered to be abated within thirty days after the serving of the resolution upon the property owner or the same may be done at the expense of the city and charged to said owner and assessed against his property." Mr. Berndt will

bring in the resolutions at the next meeting.

The following plumbers presented bonds with bondsmen: Elmer Malone, bondsmen Frank Appel and George D. Scudder; O. B. Sharp, bondsmen W. R. Graham and C. S. Early; Louis Weichmann, bondsmen C. O. Routh and H. L. Weichmann; E. S. Wilson and Frank Walker, bondsmen Joseph Steagall and Greene S. Neary; Wm. Evans, bondsmen E. J. Zeigler and Eugene Barnett; Oscar W. Clemons, bondsmen Rudolph and Edward Clemons. Sewer tappers' license, J. A. Kelley, bondsmen Edward and William Kelley.

Captain Smith made a motion that the bonds be received and licenses granted. Mr. Labold said he would not vote in favor of granting all the men licenses as the license law plainly states that all men granted licenses should be skillful and competent workmen. He said the board or some one should examine the bonds and inquire into the competency of the men before licenses are granted.

Member Smith brought up a point that the board or any member had no right to say whether a man is competent or not and

doing away with the Gallia pike eyecore. The different members agreed that very little could be done until the large Lawson Run sewer is constructed.

Mayor Frick told Member Labold that a complaint reached the office several days ago about an odor arising from the chemical plant. Member Labold promptly told Mayor Frick that an open city sewer near the plant was the cause of the odor and many times complaints came to the officials about odors which did not come from the chemical plant but from the open sewer.

Health Officer W. W. Smith reported that he quarantined one case of diphtheria and four cases of scarlet fever during April, all of which have been released except one case of scarlet fever. He also investigated a number of reported unhealthy and unsanitary conditions and said that he was sorry to report that the majority of the complaints cannot be remedied until contemplated sewer connections are made.

Dr. J. W. Daehler, city bacteriologist, reported he had made examinations of six throat swabs in April. He reported that he would complete inspections of the dairies supplying milk to the city this month and would make a report at next meeting.

City Physician Wendelken's report: Number of house visits 186, number of office calls 88, number of obstetrical cases 4, number of surgical operations 1.

Plumbing Inspector Arthur Hinton's April report: Total inspections 120, approval certificates issued 4, specifications examined and approved 28, permits issued 28, amount received for permits, plumbing \$63.25, valves \$9, total \$72.25.

Clerk John W. Berndt's mortality report: Pneumonia 1, typhoid fever 1, enteric 4, phthisis pulmonalis 2, other constitutional diseases 1, apoplexy 2, Bright's disease 1, heart disease 1, pneumonia 3, other local diseases 3, premature and still births, 4, total deaths 19. The rate for the month was .63 1-3 or 7.3 per year per thirty thousand people.

The list of twenty-three unsanitary houses presented by Dr. Wendelken were located as follows: Nine on Mill street, three on lower Third street, one on Elm, three on Fifteenth, three on Fourteenth, three on Waller, and one on Thirteenth.

All Saints Church Is Reported In Fine Shape At Meeting

The annual meeting of the congregation of All Saints' church was held in the Chapel last night, the rector presiding. Reports submitted by the parish treasurer, the financial secretary, and the treasurers of the various guilds and societies were regarded as being eminently satisfactory in view of the fact that the parish has suffered serious losses through deaths and removals, and that its supporters have been called upon to make good the losses occasioned by the 1913 flood, and have, in common with most people felt the results of the recent financial depression.

The Bazaar offering amounted to about \$1000.00, and the ladies of the Parish Aid Society submitted a balance sheet showing that they have raised over \$1500.00 during the past year.

Other societies made a showing equally good in proportion to the work they undertook to do.

The election of wardens and vestrymen resulted as follows: Senior Warden, S. S. Halderman, M. D., junior warden, W. C. Ferguson; vestrymen, Messrs S. P. Fetter, M. D., Robert G. Bryan, Raymond D. York, Ray Duveneck, S. J. Johnson, J. F. Strayer, L. D. Corson, Charles Hall. The election of both wardens and vestrymen was unanimous, there being no opposition to the ten gentlemen nominated for the ten vacancies. The meeting began and ended with prayer by the rector and was most luminous throughout.

Mr. Daven-deck, secretary of the vestry, acted as secretary of the parish meeting.

Mr. Frank B. Kehoe, treasurer of The Club, submitted his annual report, showing that institution to be in a healthy financial condition and to be justifying its existence in the community. The rector, wardens and vestry, took over the Club as a parochial concern last July and the rector is ex-officio president and exercises general supervision over the various activities of this institution.

New Boston In Mood To Pave The Gallia Pike And Annex Lakeside And Also Idlewild

New Boston's first council meeting of the month featured with action leaning toward the future welfare of the town in the matter of annexing more territory, namely Idlewild and Lakeside, and improvements that will bring much credit to the village.

A schedule of bills amounting to \$554.63 was allowed.

Mayor J. S. Davis turned into the village coffers \$67.80 from April fines and collections.

A petition signed by Frank, Phil and Charles Blume, Burke Lawson, Isaac Walls, W. D. Lewis, Jacob Benner and others was presented, asking that council take no action on the petition presented April 19 for the vacation of a short alley in Stewartville which the former petition set out as being of no public use. After last night's petition saying that the vacation of the alley would not benefit and would inconvenience some, council said, the matter aside, the alley to remain the way it is.

Charles Dixon reported that the United Fuel Gas company have not paid any head to council's demands that they lay an extension line on West Stanton avenue and that as the people were anxious for gas some action ought to be taken to compel the gas company put down a line. The local representatives of the company claim to be awaiting word from Iron-ton officials of the company before they proceed with the extension.

Members J. C. Harris reported a large pool of water in front of the Ida Hoffman home on Ohio avenue which gathers there after each rain and prevents passage on the sidewalk. The steel plant will be asked to remedy the nuisance.

Steps Toward
Paving Three Streets

Clerk Thomas O'Neal reported that street paving notices had been served on all property owners on Rhodes avenue, Harrisonville avenue, and Grace street. Fifteen days will have to elapse before bids can be advertised for. The notices have been served on all property owners on the ten streets to be paved.

Watkins and Phillips, contractors installing the water distributing system, were allowed their fifth estimate amounting to \$800.

Matters of Sewers
In Peebles Addition

John Peebles, of the Peebles Realty company, wanted enlightenment on the matter of the village laying sewers in the Peebles addition. He stated that Rhodes avenue through the Peebles addition would be first paved and would like for the village to pave Rhodes avenue so that the thoroughfare can be used when Gallia pike is torn up and moved south. Member Frank Wolfe quickly stated that the contract with the Peebles company stated that they were to have the sewers installed. On request of Mayor Davis the contract was read by the clerk and it was found that no provision was made for Peebles to lay his own sewers.

Engineer Sam Harper was instructed to bring in estimates of cost of the improvement at Tuesday night's adjourned session. Mr. Peebles is to pave from the city's eastern corporation line to West avenue.

Ask Annexation
of Idlewild

L. C. Turley was present and on request of Mayor Davis came before council. He urged council to pass an ordinance annexing Lakeside and Idlewild. He wanted the ordinance passed at the meeting so that he could present a copy of the proceedings of council to the county commissioners Tuesday. It was understood that the new Scottdale survey took in all the territory east of New Boston, including all of Lakeside, Scottdale has no improvements to offer annexed land. Mr. Turley stated that they wanted to come into New Boston and that water mains was the main thing which urged them to be annexed. Mr. Turley's plan is for the village to spend from \$10,000 to \$12,000 for the laying of mains and about \$2,000 for laying of two short main sewers. Mr. Turley stated that they wanted the water mains in before paving of the streets are completed and that water mains are only wanted on streets to be paved. The territory to be annexed would make the eastern corporation line of the village just this side of the new city water works. The ordinance was adopted.

Money For Many
Water Sewers

An ordinance was passed approving plans, specifications and estimates and appropriating money to pay the cost and expense of installing forty-five water services on the north side of Gallia pike. The service is to connect with the city's 24 inch main. A sum of \$300 out of the water work's fund will be used to pay for the taps which the city demands on the 24 inch main is being tapped. The property owners along north side of Gallia pike will have connection made which will be paid for by the village.

Solicitor Skelton advised Mayor Davis to request his officers to notify persons destroying posted resolutions and ordinances that they will be arrested. The posting of the ordinance does away with the advertising of all resolutions and ordinances. Mayor Davis reminded Solicitor Skelton that the village was violating the law by posting the notices on telephone poles, while there is an ordinance prohibiting the posting of any kind of matter on telephone poles.

After seeing Marshal Will I. Davis going hither and thither in the town hall, J. C. Harris made a motion that the officer be allowed one week's vacation with pay. After the passing of the motion Marshal Davis was nowhere to be seen.

Dispute Over
Opening of Bids

A question arose as to whether three bids submitted after noon could be opened and submitted in connection with the others opened at noon when all bids were supposed to be in. Solicitor Skelton advised that it would not be legal to accept the three bids. Member Dixon asked Chairman Mayor Davis that council be granted five minutes recess to go over the three bids and three motor truck bids in private. Mayor Davis refused, explaining that all business could be transacted in the council chamber before all present. On motion of Mr. Dixon, council voted to reject all bids on fire hose and motor trucks. Mayor Davis asked council that a reason for the rejecting of the bids should be made known but no explanation was forthcoming.

WANT BOND FILED

Attorneys Johnson and Johnson, representing Roy C. Lynn, a creditor of the estate of the late A. J. Morrow, have filed a motion in probate court, asking that Mary E. Mitchell, the administratrix of the estate, be required to furnish bond as security for the administration of the estate. The matter will be heard in probate court later.

DEEDS

Deeds filed for record Monday were:

To Arrange For Carnival

Authority was given officers of the Portsmouth Nest of Owls at the meeting Monday evening to enter into a contract with the management of the Shesley Greater Shows for an engagement in this city during the month of August. This is the same company that exhibited here last year under the auspices of the Owls, and it is announced that the company is bigger and better than ever before. The meeting was brief and but little business came up for discussion.

THE PERILS OF BRONCHIAL ILLS

The bronchial membrane lining the bronchial tubes, the bronchial tubes and the bronchial veins all become highly inflamed from bronchitis—results of exposure to cold or dampness. Quick relief determines whether the disorder shall stay at the first stage or progress to the chronic form.

SCHENCK'S SYRUP contains no narcotics. By prompt reduction of the bronchial inflammation it relieves the keen pain and dull ache that throbs through the air passages and supports the affected parts. Eighty years a family medicine for the treatment of bronchitis, coughs, hoarseness.

50c and \$1.00 per bottle. If you cannot get it from your druggist, we will send direct to you on receipt of price.

The Paint for White Houses

THE house painted white was never in greater favor than now. Not surprising perhaps when the keynote of modern architecture and decoration is simplicity.

The use of white paint has its limitations, of course. It will not stay white indefinitely in a smoky atmosphere. It is quite out of place on a house that is profusely ornamented with scroll work or the like. The white house should have a setting of green trees, grass, and shrubbery, the lack of this is sometimes overcome by increasing amount of trim painted green. It seems very simple to paint white, yet the choice of the proper paint is even more important than when colored paint is to be used. That the paint shall be pure is the first consideration; next that it shall be pure white. Even pure white leads vary in whiteness. "The Right Paint for White Houses" is Carter White Lead because it is a perfectly clear, pure white—the things that dis-color other white leads are excluded in the Carter process.

It is the Carter process of manufacture that makes Carter absolutely pure and whiter than other white paints. To get the lasting satisfaction these qualities give, specify "Carter White Lead" to your painter or in your painting contract.

The Markets

NEW YORK STOCK

New York, May 4.—On comparatively light and professional operations today's market made partial recovery from yesterday's reactionary movement.

War specialties fell back again at the outset of the trading, pressed Steel car losing 6 1/2 points, with declines of 1 to almost 2 points in General Electric, American Locomotive, Baldwin and National Lead.

United States Steel yielded half a point on heavy offerings. Standard railways were mostly lower while minor stocks of that made slight gains. Coppers were variable.

There were partial recoveries before the end of the first half hour.

The market repeated its course of the previous session, rising and declining alternately, with indications of further selling at every favorable opportunity. Foreign offerings were not a factor, however, although steel and coppers were sold for European interests in moderate amounts.

Trading was relatively light, becoming increasingly dull towards midday when representative shares showed general gains. Canadian Pacific recovered part of yesterday's loss and Rock Island was higher, presumably in connection with latest developments affecting that property. Industrials and the miscellaneous group presented a mixture of losses and gains, motor issues being especially strong. Bonds were irregular.

With the exception of Westinghouse, prices eased in the final dealings. Studebaker yielded 5 points on declaration of an initial dividend of 1 1/4 per cent. The closing was irregular.

STATE LEAGUE MOGULS GETTING "ACQUAINTED"

Officials, club owners and managers who will make the Ohio State league one of the best minor leagues in the country this season gathered at the Washington hotel Tuesday afternoon to hold a "get acquainted" meeting.

President Joe Carr presided over the meeting and the league officers were represented as follows: Portsmouth, William N. Gobleman, Wm. Zottmann, Ches. Spencer and Billy Doyle; Charleston, F. B. Chilton; Ironton, Mayor Hannon and Dick Smith; Frankfort, C. W. Hay; Chillicothe, Ed Tippett and Josh Devore; and Lexington by Tom Sheets.

Said President Carr: "The league looks fine and will go through the season in grand shape."

You needn't put up with "washy" coffee. There's Golden Sun Coffee, snappy and wholesome.

To Inspect Bridge.

The county commissioners, in session Tuesday afternoon, passed a resolution directing the county surveyor to inspect the bridge over the Scioto river near Lucasville and make a report of the improvements that should be made. The resolution declares that the bridge, at present, is inadequate to accommodate waters of the Scioto river in ordinary floods.

BIRTHS

A daughter was born Sunday evening to Mr. and Mrs. Robert Armstrong of Eighth street. Mr. Armstrong is a shoemaker.

Will Move Gallia Pike

Contractors S. Monroe & Sons put several teams and a number of men to work with plows Tuesday cutting down Gallia pike from Chestnut street to the city's eastern corporation line. The pike is to be moved several feet to the south which will make it straight from Damarin hill to Conley's switch in New Boston.

A. J. Henry Appointed.

August J. Henry was appointed in probate court Tuesday afternoon as administrator of the estate of the late William Complement, who died at Clinton, W. Va., January 21, 1914. The estate is valued at \$2400, and the administrator gave bond in the sum of \$3,000. The widow, Annie Complement, was appointed guardian of the three minor children, Margaret, 12, Frederick, 9, and Edward J., 7.

COMPROMISE

Judge Thomas in common pleas court Tuesday afternoon granted the application of Charles M. Weyand, receiver of the Broad Shoe company, to compromise the claim of Welby H. Gillett, amounting to \$331.60, on a basis of fifty per cent. Gillett had filed suit for that amount for salary and commission as traveling salesman, Hannon and Bannan and Meyer represented Mr. Weyand.

Comes After Son

The father of Robert Batey, of Columbus, one of the youths arrested for loitering by the police Saturday evening, arrived in Portsmouth Tuesday and took charge of his son. They returned to Columbus Tuesday afternoon.

Foreigner Burned

"Jumbo" Potts, a foreigner, employed with the A. J. Martin company, was badly scalded at bridge pier No. 5 across the Scioto river Tuesday afternoon by a steam pipe disconnecting. He was burned about the chest and arms.

Couldn't Find Right Location

Two prominent O. N. G. officers and an U. S. regular army officer were in this city today in a search for a suitable location for a maneuver ground for the National Guard this summer. In company with Capt. J. W. Smith of this city, they viewed ground between Portsmouth and Wheelersburg, Portsmouth and the Lucasville fair grounds, and the territory adjoining the boulevard road, but were forced to conclude that there wasn't an available place for an army camp.

Favors Withdrawal

Boston, May 4.—San Johnson, president of the American league, stated in an interview published today that he consented to have the suits between organized baseball and the Federal league taken out of the Federal courts in Illinois.

"I believe that baseball never should have been taken into the courts," he said. On the matter of broken contracts Mr. Johnson said: "No man who has jumped a contract or a reservation with the American league can ever return to that organization, that is final."

Local Robbers?

Chief W. T. McCarty received a message from Sheriff Lowry, of Athens county, Tuesday, that he had under arrest two well-dressed young men on suspicion, who had quite a number of rings, a valuable cane, safety razor and other articles. They gave their names as Ed Thornton and Frank Wigfield. The chief will investigate, as he feels the rings may have been those recently stolen from H. T. Hutton's loan office.

Dollar Still Moving

The "Buy At Home" dollar passed through four hands Tuesday morning. Adam Giesler and company, the Market street butchers in whose possession the dollar was reported Monday afternoon, spent it at the Brandel drug store at Second and Market streets, and Mr. Brandel used to purchase a quantity of gasoline at the Citizens Garage in the Lynn building on Second street. Elmer Othman secured it from one of the garage men, and it was still in his possession at last accounts.

Is Inventor

The Peerless City is the home of another inventor in the person of Edward Kerns, greaser of Clay and Robinson avenue. The latest invention is a "gravity filling station" for gasoline. The invention is a good practical machine embodying nine different and distinct features over the latest marketed gasoline pumps. The main feature is economy and it is a time saving machine to the "hurry-up" auto owner. The invention consists of a fifteen gallon tank with a side gauge with measure and price scale. It allows an auto owner to see just how much gasoline he is filling into his tank. The present gasoline pumps supply the owner of a machine with a gallon of gasoline at every turn of a lever. With Kerns' invention a man can draw as much as a half pint. The amount of gasoline or measure scale is exact to a price scale giving the exact cost of the amount drawn. The tanks will be made here.

Scissors In Cheek

Blades of a pair of scissors which she was playing with almost pierced the left cheek of Mildred, two-year-old daughter of Henry Wilkerson of Gallia avenue, Tuesday, when the child fell while holding scissors in her hand.

Doctors at Meeting

Dr. A. L. Test, J. B. Jordan, L. D. Allard, and C. W. Wendelken and J. W. Hutchens of Sciotoville left for Cincinnati Tuesday to attend the Annual State Medical society meeting held in the Queen city Tuesday, Wednesday and Thursday.

New Jitney Bus

John Montz, of Grandview avenue has purchased the old Franklin automobile formerly owned by W. R. Graham, and has converted it into a jitney bus, which he will operate in this city. He has employed Will Prior, a competent chauffeur, as driver.

P. E. Roush has been awarded the contract of redecorating the lobby and interior of the Columbus theater.

Jack Hartlage, who four weeks ago underwent an operation for appendicitis, was able to be down street Monday and his many friends were glad to see him. He is now recovering rapidly from his operation.

Mrs. Henrietta Roman, of No. 315 Third street, who has been seriously ill for the past two weeks, is now able to be up and about again.

NO MATERIAL FROM U. S.,

London, May 4.—"The United States government has not at any time in the present war supplied any war material to the British government," said Sir Edw. Grey, the foreign secretary, in the house of commons today, in a reply to a question asked by Sir Arthur B. Markham, liberal member for Nottinghamshire, who was anxious to know "whether the Hoge convention was being strictly adhered to in this respect."

Picture of Dr. Selby

Tuesday's Cincinnati Enquirer contained a fine cut of Dr. Clarence Selby, of Toledo, son of Sanford Selby, formerly of this city. He is one of the most active physicians at the meeting of the Ohio Medical Association meeting there this week.

After Big Order

Harry Revare left Tuesday for Ft. Wayne, Ind., to sell an opening bill of goods to a shoe firm that will open one of the largest retail stores in that city.

OBITUARY

Mrs. Anna Cornwall

Within five minutes after Mrs. Anna Cornwall asked for a glass of milk and chatted with Matron Mrs. Mary Larsh she passed to the Great Beyond at the Home for Aged Women, Tuesday afternoon, at three o'clock. Heart failure was the cause of death.

Mrs. Cornwall was 71 years of age and had been at the home for over six years. She had been housekeeper for Dr. F. H. Williams for a number of years. She has no relatives in this city, the closest relative, a half brother, living in Coal Grove. Last summer she went to Oklahoma for her health but she did not improve. Since October 1, last, Mrs. Cornwall never once laid down, always sitting in her chair, in which she died.

Mrs. Cornwall was a member of the First Presbyterian church of this city. No arrangements have been made for the funeral.

W. R. Bush

Word was received here of the death at his home in Pulaski, Va., Monday night, of the death of W. R. Bush, aged father of the late W. Hayden Bush, after many years of suffering with kidney trouble. Mr. Bush was in such a precarious condition at the time of his son's death recently that he was unable to attend his funeral. He was a prominent retired feed and livestock man and is survived by his wife and several sons and daughters.

Sarah E. Field

Sarah E. Field, 65, of Blue Run, Jefferson township, died suddenly of heart failure about 8 o'clock this morning at the home of her daughter, Mrs. Nettie Shonk-wiler, of 1640 Robinson avenue. Her lifeless body was found by Mrs. Shonkwiler shortly after the end came in a chair in which she had been sitting.

Mrs. Field has been in poor health since last Christmas. Three weeks ago, she came to the home of her daughter in this city to take medical treatment for asthma and kidney trouble, and was apparently in no worse condition when she arose this morning than on previous days. She ate breakfast with the family as usual, and after breakfast, went into the room to her accustomed chair, while her daughter busied herself with her kitchen work. As one of the children of the household started off to school, he noticed his grandmother yawn twice, and then apparently fall asleep. He advised his mother, and she investigated and found that life was extinct.

The dead woman is survived by a husband, Squire Alexander Field, of Blue Run, and two sons and five daughters, as follows: Joseph and Ael, of Blue Run; Mrs. Louella Robinson, of Florida; Mrs. Anna Fitch and Mrs. Cynthia Fitch of New Boston; Mrs. Mary Pyles, of Blue Run; and Mrs. Nettie Shonkwiler, of this city.

Funeral arrangements are being held up until the daughter in Florida can be heard from, but the body will be taken to the old home at Blue Run tomorrow or Thursday, and the funeral held from there.

Thursday, and the funeral held from there.

Coroner J. W. Daehler was summoned to investigate the death shortly after noon today. He is withholding his verdict, until the attending physician, who is out of the city, returns.

Mrs. Eliza Brewer

Mrs. Eliza Brewer, wife of James Brewer, a Dry Run farmer, passed away Monday evening at seven o'clock after a lingering illness caused by dropsy. Mrs. Brewer had been very ill for the past ten days. She was 66 years old and leaves besides her husband a son and a daughter. She was a most estimable woman and was respected by everybody.

The funeral services will be held at 2 o'clock Wednesday afternoon. Burial will be made in the Williamson cemetery on the West Side.

Mildred Fillmore

The name of the little Fillmore child who died Sunday morning at the family home at 2312 Eighth street was Mildred, instead of Helen, as stated in Monday's Times. Four brothers and two sisters survive in addition to the father, Taylor Fillmore, a steel plant employee. The child's mother died last summer from a surgical operation. The funeral was held Tuesday afternoon at 3 o'clock at the Grandview Avenue Christian church.

Albert H. Ball

Local relatives and friends were saddened late Monday evening when the news came of the death of Albert Ball, twin brother of Harry Ball of this city, which occurred at his home in Columbus Monday afternoon after an illness of several weeks. Mr. Ball had been slowly sinking for several days before the end came, and his brother and sister of this city only recently returned from his bedside.

Albert Ball was born in Portsmouth, September 6, 1861, and spent his early life in this city. His first position was with the M. H. Gilbert wholesale grocery, and after that was employed by the Southern Express company in this city for a period of five years. He then accepted a responsible position with the Adams Express company at Columbus, and remained with the Columbus office until his death, a period of thirty years continual service.

Mr. Ball was married years ago in Columbus to Miss Laura Chamberlain of that city, and to that union five children were born, all grown, Floyd, Lorena, Helen McKenzie, Harry and Glen. Besides the widow and children, three brothers, Harry of this city, and Fred and Will of Montgomery, Ala., and two sisters, Emily, of this city, and Anna, of Cincinnati, survive him.

He was a member of the Knights of Pythias and Royal Arcanum lodges.

Funeral services will be held at Columbus Thursday afternoon at two o'clock, and burial will take place in the Columbus cemetery. His brother and sister of this city, Harry and Emily, will attend the last sad rites.

HAIR TO ANY SHADE**

Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush.

Most of the other features of the bill had been arbitrated Friday. Senator McDermott said that apparently a temporary deadlock had been reached over the enforcement since. The Republican platform pledge of restoration of home rule was brought into the argument it was said. The administration's attitude was explained, however, by saying that home rule did not justify the abandonment by the state authorities of enforcement of liquor laws. It was pointed out that although the state inspectors created by the new McDermott bill to replace the state licensing board, might have power to enjoin the arrest of law violators, his enforcement would be nullified largely if he or other state officials could not compel the revocation of licenses of law breaking liquor vendors.

The conference recessed at 11:30 on the hour without an agreement.

any drug store for a 50 cent bottle of "Weyli's Sage and Sulphur Compound" you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is especially for dandruff, itching scalp, falling hair, etc.

A well-known druggist naturally says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

Don't throw this away. It means money to you. Read every item, check off the things you want. No disappointments here. Only big lots advertised. The Salvage, 220 Chillicothe Street, Portsmouth, O.

40 Cars Entered

Indianapolis, Ind., May 4.—Forty cars have been entered in the 500 mile automobile race which will be held at the Indianapolis Motor Speedway on May 20. Only three foreigners have been named as drivers for the contest. Roy Thomas, winner last year and a number of his competitors in the 1914 contest were prevented from entering this year's race by the European war.

Practices at the Speedway are being held daily. The elimination trials have been set for May 21, 22 and 23. The thirty cars which make the best speed in these trials will start the race.

Prediger Enters Insurance Field

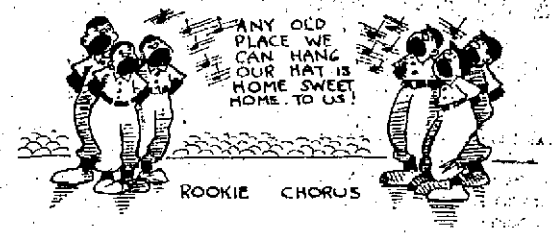

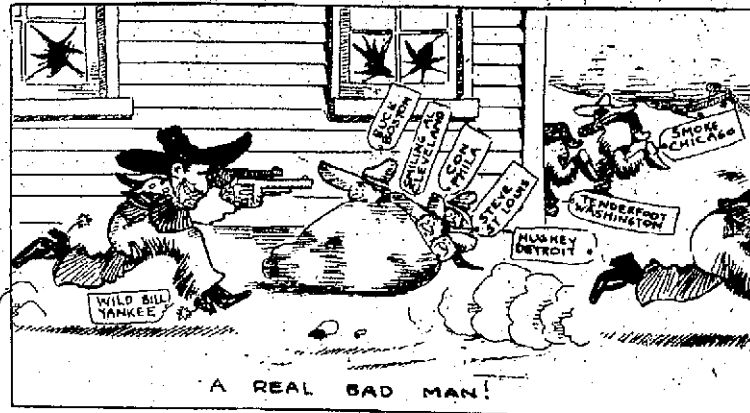

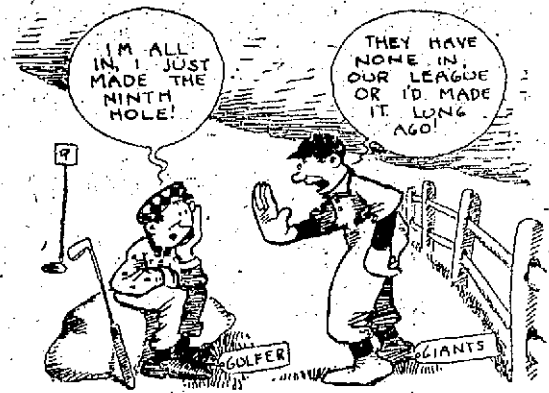

Byron Prediger, who for sometime has been in charge of the Play House bowling alleys and who is considered one of the best all round bowlers in this section of the state has resigned and has been succeeded by Ralph Mansfield.

Mr. Prediger has been made district manager of the Pittsburgh Mutual Insurance company with offices in the

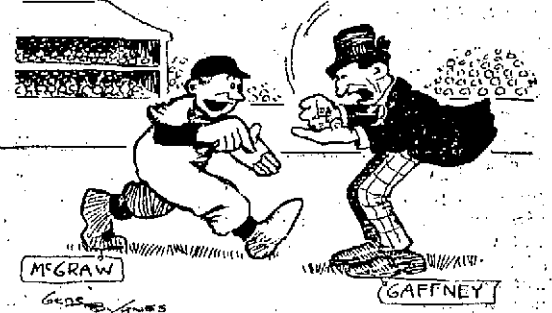

First National building. He will have five counties in his jurisdiction, Seneca, Brown, Adams, Jackson and Pike. Mr. Prediger's friends feel that he will make a success of his new venture.

Rivals frequently put the Athletics out of the pennant race in April, but it is a different kind of a contract in September.

CHIRPINGS FROM CHILLY

(Chillicothe News Advertiser)

Manager Devore has released Sullivan, catcher; Well, first baseman and Snyder, outfielder. Forrest Ashley, the local boy who was trying out for first base on the local club asked for his release. Manager Devore complied with his wishes.

Lee Louis, a catcher who is coming highly recommended, is expected to sign here Saturday. This is one of the weak spots of the club at present, but the management is doing everything it can to bolster up the receiving end. Lewis has had considerable experience and it is hoped that he will fill up a big

hole for the club.

Joe Lamb who is working out at first base is doing great work and looks like a real find. His fielding is fast and he is hitting the ball in great style.

Harry Devore, brother of Manager Devore, is working out with the local club. He is doing very nice work in several different positions and is hitting the ball like a demon. He may be given a permanent berth on the club if he continues his good work.

Cincinnati had an "off day" Monday. Many fans thought they had several in St. Louis last week.

Invited To Opening Game

Jack Flinois, who is a real fan has extended an invitation to J. Adam Schmidt and Jack Krollman of Cincinnati to attend the Ohio State league opening here and they will probably take in the inaugural festivities.

Two Rookies Join Squad

Two new recruits, First Basemen Sharrock of Bucyrus and Catcher Bush of Albany, N. Y. They are likely looking youngsters and joined Manager Spencer's squad today.

NESSER TALKS WITH DEVORE

(Chillicothe Gazette)

Frank Nesser is still the property of the Chillicothe club. While he had a talk with Manager Devore but they did not come to any terms. A contract was sent to the first baseman in the spring, but he was not satisfied with it and refused to sign. He cannot play ball with any organized club until released by the local club.

STOLE EVERYTHING BUT CITY PATROL

(Ironton Register)

Bill Doherty stole two bags Sunday but he doesn't seem to have sold out the patrol Saturday evening. Bill is a little speed merchant who has played amateur ball in Portsmouth for several years but who is still a young man.

Principal block to peace in baseball is Grover Cleveland Alexander and Walter Johnson.

May Run Special

Portsmouth plays the first Sunday game in Ironton on May 16 and a special will be run over the N. & W. an extra coaches will be attached to No. 16 leaving here at the noon hour. President Gableman was in conference with Passenger Agent R. E. Scott Monday and it is more than likely that a special will be run over the N. & W. to Ironton on this date. It will be doubt carry many dyed-in-the-wool fans out of the city.

Ralph Mansfield's quartet of duck pin rollers and George Wilkins will make the trip with the Huntington Flys will leave for that city Wednesday after their match will be staged in the Majestic alley on Wednesday night. Al Winstler, Robert

30 MACHINES MAY MAKE TRIP

President William Gableman has hit upon a novel idea to swell the opening day crowd at Chillicothe on Thursday May 6. He will try to arrange for an automobile party in which about 30 machines will make the jaunt. If the trip can be turned it is possible that the River City band will be taken along. Two or three could be taken in various machines and the cavalcade would no doubt add an attractive feature to the day in Chillicothe.

"The Best Tobacco Made"

Emphatic Statement by an Eminent Authority—Pipe-smokers, Read what John G. Capers Has to Say

"When I was Commissioner of Internal Revenue under Presidents Roosevelt's and Taft's Administrations, I had a great deal to do with tobacco. In the collection of millions of dollars of tax I came intimately into contact with the whole business. Tuxedo I consider the best tobacco made. I smoke it myself and find it soothing and restful, mild, fragrant and non-irritating to the throat."

John G. Capers

Mr. Smoker, that's evidence straight from an authority that Tuxedo is the top-notch smoke of them all. The tobacco that a famous Internal Revenue Commissioner chooses for his own smoke because he considers it the best tobacco made.

And remember this, men:—that's picking Tuxedo from a mighty big field; for between you and us the account sheet, the Government collects \$100,000,000 a year in revenues from tobaccos.

Mr. Capers is now a prominent and successful practicing lawyer in Washington, D. C., and we are glad to

include his name in Tuxedo's great list of friends. It's the same old story everywhere Tuxedo is tried: *Quality tells.*

Don't quarrel with your pipe and don't quarrel with your tongue. Take your tobacco troubles to good old Tuxedo!

Your pipe'll be sweet and your tongue'll be sound if you smoke Tuxedo. Tuxedo can't bite or bluster. That's all taken out by the famous "Tuxedo Process"—the original process which the other brands like so well that they try to imitate it.

And you'll find the Internal Revenue Commissioner absolutely right as to Tuxedo's quality.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Try Tuxedo for a week, and you'll know why Mr. Capers and thousands of other distinguished smokers say that it is "the best tobacco made."

THE AMERICAN TOBACCO COMPANY

GIVE GRAPHIC DESCRIPTION OF THE IRONTON FIRE

Dense Smoke Was A Handicap To The Firemen; Loss Big

The Ironton Irontonian this morning had the following estimates of the losses in the big fire there yesterday:

Following is the statement of the fire losses based upon the best information obtainable, but they are necessarily purely a matter of estimate:

Masonic Fraternity, building and lodge fixtures and paraphernalia, loss \$80,000; insurance about \$39,000.

Otto Otten's Pharmacy, loss on stock about \$4,500; insurance \$29,000.

Iron City Savings Bank, loss on fixtures, about \$1,500; insurance \$1,600.

Thirkeldson's store, loss about \$800 to \$1,000; partially covered by insurance.

Dodds & Co., monument dealers, office in charge of John M. Johnson, loss, estimated, \$300; insurance not known.

John Sullivan, charcoal office, loss probably \$300; insurance not known.

Anderson's Barber Shop, loss probably \$300; partially insured.

Mittendorf & Sons, loss \$800 to \$1,000; fully insured.

Boston Dry Goods Co., loss probably \$500; fully insured.

The Leader, loss \$500; fully insured.

Furlong Building, loss \$1,000; fully insured.

Knights of Columbus, loss \$500; partially insured.

Losses of a lesser nature, all covered by insurance were sustained by Home Dry Goods Co., United Fuel Gas Co., the Sugar Bowl, A. L. Harmon, Woolworth Co., Vina Shelton, Morgan & McQuigg, Central Hardware Co., C. B. Alderman, H. M. Morton and George Hayes.

The total loss may be conservatively estimated at between \$80,000 and \$100,000, as there were many small losses by residences igniting from sparks not enumerated in the above list.

The burned building was erected in 1887 after fire, which completely destroyed the original Masonic building.

It is assured that the Masons will at once take steps to replace the burned structure with a more modern building.

The fire originated shortly before noon and the flames were not entirely extinguished until after six o'clock in the evening.

Origin of Fire Is a Mystery

It was just about noon when the alarm sounded from Box 32, the alarm that always indicates a menace to the most congested business section of the city and before the echoes of the water works siren had died away, the hose truck from No. 1 was on the scene and the auto truck was at the box a few seconds later.

Just how the fire originated will probably remain a mystery as there are as many theories as there were people first on the scene. Smoke was first noticed issuing from the windows in the alley adjoining the Furlong building by Mr. J. W. Verigan, salesman for the A. J. Brumberg Co., who had been to Schaeffeler's for his dinner. He ran over to Mrs. Thirkeldson's flower and seed store. Here he discovered that Mrs. Thirkeldson had just discovered the blaze creeping along the ceiling in the rear room of her store and ran into the Opera House Barber Shop next door, where she apprised Mr. Anderson of the fact that the building was afire. Mrs. Thirkeldson at this point was overcome by the shock and fainted. She was carried to

Harmon's store across the street and after receiving medical attention was taken to her home where she was in a serious condition for a time but later rallied and is now getting along very nicely, despite a wide-spread report during the afternoon and early evening that she had died.

When some one turned in an alarm from Box 32, near the corner of Third and Center, it took but a very few moments for a large crowd to gather, as it was the noon hour and the streets were thronged. First arrivals found that smoke was issuing from the rear end of the Masonic temple on the Third street side, as far up as Mrs. Thirkeldson's. In a remarkably brief space of time, this dense smoke spread throughout the entire building and greatly hampered the work of the firemen, either for getting at the real scene of the fire or attempting any successful salvage efforts in the stores and offices. The dense volume of smoke swept through the various rooms with such rapidity that practically none of the tenants save the Iron City Bank, which was saved by the direction of the wind, were able to save any great amount of their belongings.

the blaze. There was not a single tongue of flames discernable until the window sashes on the third floor, Third street side of the building, began to flicker into flame and in the space of a few moments a seething mass of fire, fanned by a brisk breeze, swept out of these windows and almost across the street. This was the crucial moment of the fire and intense excitement ensued. The fierce heat cracked the windows in the Home Dry Goods store, A. L. Harmon's, the Sugar Bowl, Woolworth company and other places just across the street and a desperate and successful effort was put forth to save this block from destruction. The fire hose, garden hose, manned by volunteers, bucket brigades and scores of citizens were combined in the effort so effectively that the losses on this side of the street were not heavy.

Blaze Was Spectacular

The fire at this point reached its most spectacular stage. Roaring with the draft of the west wind, the flames burst through the windows in the upper floor of the building, curled about the tower in long tongues that flicked up wood and brick and stone and in a few minutes the crashing of the falling debris, the scattering of firemen and spectators, the swaying of the human throngs pressed back by the heat and smoke and water sprays and the wild clamor of a general fear made a scene that will long be remembered. Huge sparks leaped high above the billows of smoke and writhing flames which crowned the top of the doomed building and swept by the breeze, set fire to many buildings as they fell.

All along the east side of Third street the awnings caught fire but this had been anticipated and the flames were speedily extinguished. A fire started at the Central Hardware Co., but prompt action prevented its spread. Incipient fires were also extinguished along the entire street and it was only extreme good fortune and persistent work that prevented the loss of the square from the Bay corner south. In the residence district the same excitement was apparent. Made wise by the conflagration of some years ago when so many homes were destroyed by sparks from the lumber mill fire, home owners were on the alert and fires in the roofs of many buildings were extinguished with garden hose or buckets of water. Among those afire at different times were the residences of C. C. Clarke, B. H. Jones, B. F. Ellaberry, Dr. W. F. Marting, C. H. Folt, H. H. Mittendorf, Mrs. P. S. Hart's small house across the alley from her residence, A. H. Mittendorf's garage, Capt. Geo. W. Keyes' wash house and no doubt many others.

Excitement

While the business men all along Third street were busy with their strenuous efforts, the same exciting scenes were being enacted on the Second street side of the burning building. Fire doors prevented the spread of the flames to the buildings on the east side of Second street from Center street to Drury Lane but smoke and water did their full share of damage to the stocks of the merchants. A falling chimney crashed through the roof of the Mittendorf store and did some damage. Mr. Mittendorf had locked his store and the damage would have been probably less, had not the store been broken open and a lot of stock thrown out promiscuously by well intentioned but excited volunteers. Much of it was collected but a great deal of it is missing. The Boston Dry Goods company, the Leader store and the Ironton Liquor company were all losers by smoke and water and tearing up ready to move.

Masons Will Rebuild At Once

The future of the tenants of the burned building is not absolutely decided upon, but all will seek temporary quarters and it is certain that the Masonic fraternity will at once secure plans for a new and more modern building on the old site. While no official action in this direction has been taken the sentiment is practically universal among the lodge members. There are numerous theories as to the origin of the fire. The report that it was due to the dropping of a cigarette by a street fair employee who had borrowed some scenery from the opera house is evidently erroneous. When the man secured the scenery, both Dave Morgan, one of the lessees of the opera house and Waite Russell, a member of the Masonic Fraternity, were present all the time and there was no smoking by any of the three. The most plausible theory, or theories, is that the fire was due to either spontaneous combustion in the passageway leading into the furnace room or an electric light wire. The statement that there was a fire in the

building to heat the opera house is without foundation. The weather is a sufficient refutation of this idea. Just how, or just where the fire started will probably never be known. Dave Morgan says when he went in through the back passageway to investigate he saw the fire back under the stairway in the front of the building or near it, but George Bloodgood of the Blue-Trading Stamp company, says the smoke came from the rear of the building and Mr. Otten and others state that the smoke was coming through the thin partition into his ware room from the rear. At any rate no one seems to be certain as to the origin of the fire or just where it had its inception.

Will Consider Veto

City council at its meeting Wednesday night will consider the mayor's veto of the Kendall avenue grade crossing resolution and the acceptance of the Duch & Snyder addition plat. Several contemplated sewer improvements will also be brought up at this meeting.

Harugari Memorial To Be On June 6

Sunday, June 6, has been selected as the annual memorial day of Germania Lodge, D. O. Harugari, the members deciding upon the date at the meeting Monday evening. A committee consisting of John Linck, Jacob Kah and Geo. Shaffer was named to arrange for the program. The full ritualistic ceremony will be exemplified which will be followed by the decoration with flowers of the graves of the deceased members.

One candidate, Charles Vogel, was elected to membership during

the meeting, and he will be initiated at a subsequent meeting.

hang curtains between the reception hall and dining room, which open into the living room!

MRS. H.

A fan or buff would be pretty. Or why not have the room done over in French gray paper? Did you ever consider enameled your woodwork "old ivory"? With mahogany furniture, this is a very pleasing combination. Hang the simplest cream colored serim curtains at the windows, with overdrapes of old blue, or rose, if you use the gray paper and brown or green if you decide on buff paper. If it is a bright and cheerful room, use the old blue, but if it is the least bit cold, use the rose. Draperies between rooms are really not necessary in the summer time, but if you desire them, use some kind of light silk ones, to match your overdrapes.

Dear Miss Wise.—I am in love with a young man and he does not pay so much attention to me at times, and other times he does. What would be the proper thing for me to do? I love him dearly and I don't see how I can give him up. He is such a nice man.

MABEL.

If the young man is at times indifferent to you I would not worry over him. Unless you are engaged to him, I don't see how you would be able to "give him up." From what you told of his conduct toward you I should think you would be able to tell him he has asked you to marry him.

Dear Dolly.—The girl I am keeping company with has moved away recently. When I wish to go to see her it is not convenient for me to return the same day. Do you think it improper for me to stay all night at this girl's home, as I have no other friends in the town?

JOE.

If her mother asks you to stay it is all right.

Dear Dolly.—A couple of months ago you published a few exercises

for reducing the hips and legs. Please tell me how often these exercises should be done and how long it will be before results are seen?

MARJORIE.

The exercise should be practiced for fifteen or twenty minutes every day. It is impossible for me to say just how long it will take them to bring results, but the more determined you are in your efforts and the harder you work the quicker the results come.

Dear Miss Wise.—Tell me if it is correct to return to the receiving line and shake hands before departing for home when at a reception? The crowd was small enough to cause no confusion if this was done.

MRS. WANTS-TO-KNOW.

It is not necessary to bid each person in the receiving line goodbye, but a small reception the guest should make an effort to take leave of the hostess.

Dear Dolly.—How shall I dress my three-year-old daughter for summer? I mean every day and Sunday.

YOUNG MOTHER.

Would get some summer dresses for play, in light blue or pink, made of good cambric or gingham. For Sunday buy a simple little pattern, with a long waistcoat effect and a flounce with which a ribbon sash can be worn. Embroider or trim them in a neat border.

Dear Dolly.—What can I do to make my face smooth? It is inclined to be red and rough!

KITTY.

No doubt you spend a great deal of time in the sun and wind. These two elements will make the skin rough and dry if one is exposed to them a great deal. I advise you to apply a lotion made out of equal parts of glycerine and rosewater and a few drops of benzoin. This will soften and whiten the skin. The occasional application of cold cream will also help to soften the skin.

SOCIETY

Miss Ruth Thompson's home, "The Ridge," was the scene of the last of this season's meetings of the Portsmouth Reading Club last evening.

This was one of the largest meetings of the season, there being thirty-four present. Miss Thompson's mother, Mrs. A. C. Thompson, Miss Kate Crichton, of Wheelersburg, and her cousin, Miss Virginia Lewis, were guests. The program included two poems read by Mrs. Lucien Doty. Spring music by Miss Mary K. Reed and Mrs. Doty, an interesting debate by Mr. Maurice Coo and Mr. W. D. Gilliland with remarks by Dr. W. D. Tremper. Plans were made for an outing at the home of Mr. and Mrs. Coo, near Buena Vista, Monday, May 11st. Delicious refreshments were served by the hostess.

The King's Daughters of Manly M. E. church met at the home of Miss Ethel Torrell Saturday afternoon at 2:30, with nine members present. The meeting was opened by singing "Never Give Up," and was followed by the Lord's Prayer. The secretary and treasurer's reports followed. The following program was rendered: Recitation, "Don't Be in a Hurry," by Louella Arthur. Reading, "Pledge With Wine," by Estelle DeAtley. Reading, "Aunt Jeannine's Courtship," by Ida O'Brien. The next meeting place was not decided.

CONCERTS AT THE PARK WILL START MAY 30

The first band concert in the Millbrook Casino will be rendered Sunday evening, May 30, by the River City band.

This will be the fourteenth year the band has played in this picturesque park, a contract for this season having just been signed up. The band has been rehearsing all the new staff in a musical way and will render attractive programs as usual.

Leader George Kah has the happy faculty of catering to all musical tastes in shaping up the Sunday programs. The band has been recruited right up to the handle, it is announced, and soon the sweet strains of the band will float over Millbrook.

WHEELERSBURG "GRADS" ARRANGE CEREMONIES

Arrangements for Wheelersburg High School's class play and commencement have about been perfected. The baccalaureate sermon will be delivered Sunday afternoon, May 16th in the Wheelersburg M. E. church by Rev. Albert Marling of the Fourth Street M. E. church of this city.

The class play, "What's In A Name?" will be given two nights, Wednesday and Thursday, May 19 and 20th. The commencement exercises will be held on Friday, May 21st when school closes. L. E. Wolfe, secretary of the Appointment Committee of Ohio State University, will deliver the address to the graduates. The class this year is composed of twelve students, seven girls and five boys as follows: Marie James, Averil Hunsinger, Evelyn Hun-

singer, Hazel Fritz, Nell Griver, Clara Crumston, Anna Miller and John Oakes, John Sauer, McKinley Sayer, Raymond Gleim and Louis Smith.

PETIT JURY MONDAY

Members of the petit jury have been notified to report for duty in common pleas court next Monday morning at nine o'clock by Willie Kates, court bailiff and assignment clerk. The trial of the \$5,000 damage suit of Mary Montgomery against Mary E. and Clarence O. Mitchell, partially heard last week, will be resumed at that time. Dr. C. S. Early, an important witness, whose absence from the city necessitated a continuance of the case, has since returned.

John Dewey, the chief of police of the excursion steamer Homer Smith, is an old friend of Gus Hoemer, one of the proprietors of the Washington hotel bar and they have had several pleasant meetings the past few days.

Wants To Be A Fireman

Ernest Starrett, of Gallia street, who was until recently employed with the street railway company made application Tuesday for a position as substitute city fireman. Thomas Whit, who was appointed as one of the substitutes for the summer vacation period, has declined to serve and all others on the eligible list have refused the position, so that Starrett may be appointed.

It looks Nice-
Yes-But How Long
Will It Stay That Way?

THAT'S the point—how long will it stay that way? All paint looks practically the same after it's put on a house—but the real test of quality comes in the period of wear, and the appearance while wearing. LAWRENCE HOUSE PAINTS come ready mixed in the purest Linseed Oil—that's why they last far longer and hold their brightness better than other paints.

Lawrence House Paints

are very economical.

They not only appear well when placed upon a house, but the pure Linseed Oil from which they are made, offers a perfect protection against the elements and prevents your property from looking "run down." They cost the same as other paints—but there's extra value in every gallon.

If you simply mention the brand "LAWRENCE" to the painting contractor who undertakes your work, you'll not be troubled with another painting problem for a long time.

—we guarantee it.

Come in and we'll show you why Lawrence House Paints are above the average in quality.

ATE ONLY RAW EGGS; NOW FEELING FINE

S. D. Martin, of Elkton, O., suffered with stomach troubles and difficulties in his digestive tract. He lost weight and his appetite was lost.

He took one dose of Mayr's Wonderful Remedy and was swiftly restored—with one dose. Seven months later he sent an order for more, saying:

"Since taking your remedy I have not been bothered any to speak of with my stomach. Before I had had headaches and dizzy, weak spells, of which I am almost free. I have gained fifteen pounds since taking the one dose. It is not that I need the medicine now that I am sending. I am simply going to take it as a preventive. My wife induced a lady friend to try it. She had been eating only a raw egg or cracker or two, and often could not keep them down. This lady used your remedy and it has almost cured her."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and what you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

Portsmouth's Volunteer Fire Department

(BY MILFORD KEYES)

To write a complete history of the fire department of Portsmouth, the historian would needs be compelled to hark back to the twilight days of the eighteenth century, when men like the Shackelford's, the Bellis, the McArthur's and other pioneer workers, rallied to the call of neighbors with buckets and whatever would hold water, and fought the flaming demon that had attacked them in any way that appealed to the immediate needs. Later came the regularly organized "bucket brigade", when lines were formed to the river and heavy leather buckets, made for the purpose, were filled with water and passed from hand to hand to the flames. A few of these buckets are still to be found in the city, hidden away in nooks, corners and garrets.

In the late thirties the first regular fire engine made its appearance in Portsmouth, and it was a wonderful affair, mechanically speaking. It was a home product, however, "made in Portsmouth". At that time George Stevenson and John L. Ward had a machine shop at Third and Jefferson streets, and, by the way, there has been a machine shop on that site ever since.

Mr. Stevenson was the boss machinist and foundryman, and the construction of a fire engine was his conception and the work was accomplished under his supervision. It was a small affair, rather crude, but it lasted many years and did good work. It was given the amphibious name of "Neptune". She came to be known as the "Neptune", and the citizens, especially the small boys, took her to their hearts.

A small one story brick structure was built for an engine house on Second street, where the rear department of the Brundle drug store now stands. A fair sized bell was placed at the top of a stanchion upright, the "Neptune" was duly housed, with a hose carriage, and Portsmouth had a fire department. Men like George Stevenson, John L. Ward, James Lockwick, Thos. S. Currie, William Hall and others officiated the company, and everybody who was anybody served in the ranks, and were proud of it. There were no frills, thank you.

Then the town began to have aspirations, and these soon took the form of a desire for another engine and another company. The engine was purchased in due time, a cast off Cincinnati apparatus, an end brake "gallery" engine, imposing to look at but she had evidently seen her best days. She was pulled up and christened the "Dispatch". The little old engine house was badly crowded and the aspirants got on the job again, in fact worked over time, and another and quite modern engine house was the result. The house is still standing, on Court street, between Front and Second, and is doing business in the lively line. It formerly had a cupola and bell.

For several years the two fire companies jogged along together very comfortably, showing no unnecessary haste in getting to a fire and not a surprising amount of skill in fighting the flames when they got there.

In 1851 there came a rude awakening. Robert Bell had begun the manufacture of shoes in Portsmouth, employing some three hundred men. Most of these were from Cincinnati and the Eastern cities and had belonged to the volunteer fire departments of their home towns, and they longed for the clapper and excitement of a fireman's life. They also knew all about city politics of the ward variety, and this stood them in need in the campaign which they inaugurated. The Gaylord rolling mill

was at its best at that time and most of the workmen had been volunteer firemen in Pittsburgh, and they readily joined hands with the shoe workers in an organized effort to get hold of the Dispatch fire company and turn it into an independent affair. Many native sons of Portsmouth were also enlisted. A very strong company was organized, their cause placed before council and eloquently pleaded by lawyers of that day, and the result was that a new company was given possession of the engine house, engine and hose truck, the engine was painted fiery red and her name changed to Ohio, and "Independent Fire Company No. 1" was duly set going.

This was really the beginning of the Independent Volunteer Fire Department of Portsmouth. The new company proved itself a splendid fire fighting aggregation. They used big city methods, taking the pipe and going right into a burning building and fighting the flames in their own den. They adopted a uniform and gave balls and had parades. A new spirit was infused into the fire department which was evident as long as there was a volunteer department, and continued to this day in our fire paid fire department.

It was quite natural that the old Neptune company should get a hustle on, and reach out for bigger things, and in due time they purchased a fine engine from Pawtucket, Rhode Island, of the "piano" variety, side brake and a first class machine in every particular. The engine was named "Citizen", and the elaborate hose truck, built in Portsmouth, was

called the "Impulse". The company was reorganized and called "Independent Fire Company No. 2."

But what of the old Neptune? She wasn't overlooked. And she wasn't. At that time Portsmouth west of Market was almost solid German. They were not German-Americans, but Germans from Germany, and a few of them were with us yet—very few. Their children and grandchildren are here, a mighty and altogether desirable host. These original Germans were patriotic and public spirited, and it was quite in the nature of things that they should desire a fire company all their own. They were not so aspiring in the matter of apparatus as their neighbors further up town, concluded the little "Neptune" was good enough for them, and the reorganized Twos having no further use for the little engine it was no great trick for the Council to let the Germans have her. The Madison street engine house was erected and the new company organized and given possession. It was a strong and efficient company from the beginning. Its ranks were always full, whether at a fire or on parade. They could pick the little machine up bodily if necessary, and carry her over or around difficult places. The company was organized and christened "Germania Fire Company No. 1." A few of the old members are with us yet. Fred Brodbeck wasn't of enough to belong to the company, but says he used to take hold of the rope when they were running to fires, and was frequently led

home by the car by his worthy father, the late Stephen Brodbeck, of sainted memory.

Of course the time came when the Germans wanted a modern engine, and they got it just the same. All remember the fine "Germania", perhaps the best throwing hand engine the city ever possessed. She served her time and went into the scrap heap with the others when the paid steam department was organized. Towards the last the Threes were not strictly a German company. Every male citizen of the "Old First", of whatever nationality, considered it his patriotic duty to run with the Germania, and many placed their names on the rolls. The members of the present fire department of Portsmouth are making a commendable effort to have the annual meeting of the State Fire Association, which occurs next September, brought to Portsmouth. As yet the Business Men's Association has not responded favorably to the call of the fire boys for money to help defray the expense of bringing the state meeting here and entertaining their visiting brethren, but they are not discouraged, and applications for contributions will probably be made privately. In Youngstown, when the firemen desired to have the state meeting brought to their city, the business men's association responded with a five thousand dollar donation. Nothing is too good for the firemen of any city, for they are the men who stand between the citizens and the most ruthless of all enemies, the red tongued demon of the flames.

PLAN FOR LABOR DAY

Preliminary plans for the celebration of "Labor Day" were informally discussed at the regular meeting of the Central Labor Council Monday evening, but no definite action was taken regarding any of the proposed details. The officers were instructed to get into communication with the sponsors of some of the feature attractions planned for that day.

Encouragement was lent to the project of building a district tuberculosis hospital, as suggested by the local Anti-Tuberculosis Society, but official action in the matter was deferred until the next meeting.

FIND MANY SIGNS THAT NEED SAFETY DEVICES

Charles Huels and Albert T. Gerlach, assistant fire chief and city electrician, respectively, have just submitted a report of their inspection of overhanging signs in the city during the past month.

The department of public safety will take proper notice of the report and request such changes as will insure safety and meanwhile the officials named will continue to devote as much attention to these signs as their limited time will permit with a view to guarding against accidents.

The signs inspected and the conditions found were as follows: R. W. Thompson, No. 335 Front street, small wood sign hanging on very weak support, needs rehanging.

Hotel of Portsmouth sign hangs over sidewalk, hanging on rusty wire hooks; dangerous.

A. R. Arnold & Son, No. 509 Front street, sign facing building; needs rehanging.

Steinbamp Furniture Co., No. 326 Second street, sign over second floor very heavy wood sign, needs rehanging, very weak support.

Henry Ruel, Soule Cafe, Chillicothe street, heavy sign hangs over sidewalk, sign supported very weak, ought to be rehanging. Arena theatre, Seventh and Chillicothe streets, very heavy electric sign, would be dangerous in a wind storm, is hanging on very weak supports.

The Pure Drug Co., No. 312 Chillicothe street, sign hangs on hooks, hooks need closing, dangerous in a heavy wind storm.

Fowler Camera Shop, No. 322 Chillicothe street, sign hangs on hooks, hooks ought to be closed with bolts or wire.

Emil Doerr, No. 218 Market street, sign hangs over sidewalk and needs new guy wires, guy wires very rusty.

Wear-U-Well shoe store, No. 208 Chillicothe street, sign hangs on hooks, hooks need closing, would be dangerous in heavy wind storm.

Liberty Clothing Co., No. 210 Chillicothe street, heavy sign hangs on hooks, hooks need closing.

William Ray saloon, 317 Market street, wire entangled in front of building, ought to be removed, would be dangerous in case of fire.

Amann's drug store, Market street, sign needs rehanging. Adolph Hirth, No. 210 Market street, sign looks dangerous, may

fall with a heavy wind, sign needs rehanging.

H. Hoffmeyer's grocery, Market street, two signs over sidewalk, need rehanging.

Louis Lander, Market street, sign facing building, needs rehanging, wire support wire very rusty, needs new wire support.

Bruce Hoobler, No. 203 Market street, sign needs rehanging.

Goodman's clothing store, No. 421 Chillicothe street, sign hangs over sidewalk, hooks need to be closed with wire or bolts.

Security Bank sign, sign hangs on iron rod or pipe, is in danger of sliding off of rod with heavy wind.

We have been all over the city observing every sign in the city and have found 23 signs which you will see in this report and finding various signs in very dangerous condition.

Respectfully yours,
CHARLES HUELS,
Assistant Chief.

ALBERT GERLACH,
City Electrician.

Rev. Oakley At Mansfield

Rev. Charles R. Oakley, minister of the First Christian church, left Tuesday morning for Mansfield, O., where he will remain until Friday with his family. Rev. Oakley has received his office furniture, which was shipped from Mansfield several days ago, and has fitted up his study at the parsonage. A telephone, No. 4-A, has been installed. As soon as school at Mansfield is dismissed for the summer vacation, Rev. Oakley will move his family here.

Harvey Needs Money Badly

Mrs. Florence Thornton, of Scioto Furnace, has been advised that her son, John Harvey, is in custody and in need of \$53.80 to save him from going to the workhouse for more than six months. He will be kept here until Wednesday to give her a chance to come to his rescue. The youth was convicted of trying to aid Harry Zornes and Henry Cartwright to escape from the city prison some days ago.

M. W. A. To Entertain

The Modern Woodmen of America will entertain their auxiliary organization, the Royal Neighbors Delta Camp No. 252 Friday evening, instead of the auxiliary entertaining the Woodmen Thursday, as previously reported. The Woodmen will give a social and entertainment for the members of the auxiliary and the wives of all M. W. A. members. The entertainment will be in their hall, Third and Chillicothe streets. A very enjoyable program is being arranged. The committee is Dan Jewell, Eugene Pearce and J. R. Hopper.

CINDER IN HIS EYE

A cinder from a passing locomotive lodged in the right eye of Charles Wilson, B. & O. S. V. yard foreman, Monday afternoon, causing a painful injury. Dr. G. W. Martin removed the cinder and dressed the injury, which is not a serious one.

UNABLE TO ACCOUNT FOR DISAPPEARANCE OF CATFISH

Joe Schaefer made a trip to the Fernbank dam below Cincinnati, Sunday, for the special purpose of seeing whether or not the wickets were up. He found them down and therefore came to the conclusion that the wickets have

nothing to do with the disappearance from Ohio river waters of the Mississippi cat fish. These began leaving the Ohio river three years ago until now they are no longer to be found. The Mississippi cat fish ranged in weight from six to fifty pounds.

collapsed under the weight of a crowd of Portsmouth excursionists at Huntington, W. Va., Sunday.

THE E. M. B. C. SESSION

The Every Man's Bible Class had its usual attendance Sunday morning. Thirty-three, the same as a week ago. But those who were absent missed a very interesting study of the lesson. Some very strong points were brought out. Chief among them was this thought: That God protects those who put their trust in Him, if we do our part according to the will of God. But you have no right to depend on Him, if you live contrary to His teachings. This is what Rev. Marting made special effort to impress upon the class, that David, the main character of the lesson, was a man who lived close to God. At the same time he was faithful in his duties to his king, the king, which caused Jonathan, the son of Saul, to admire him and become his faithful friend. This he demonstrated when he warned David of his impending danger. That his father, the king, was seeking to kill him. Because he was jealous of his popularity. But Saul had

WOMEN SHOULD TAKE WARNING

If the statement made at a New York Assembly of women, that healthy American women are so rare that they are almost extinct, is true, it is time for the women of America to take warning and look to their health. It may be headaches, backaches, dragging down pains, nervousness, mental depression that are tell-tale symptoms of some organic derangement for which Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs—is a specific and may be relied upon to restore women to a healthy normal condition.

Would Burn and Itch. Scratched and Pimples Spread. Disfigured While They Lasted. Used Cuticura Soap and Cuticura Ointment. Face Clear as Anybody's.

Burning. No. 1. I had nasty pimples all over my face so thick that you could hardly put the point of a needle on my face without touching one. They would burn and itch and I would scratch them all the time. Then this would leave a mark. Scratching caused the pimples to spread. They disfigured me while they lasted.

I underwent two treatments but they did me good. Then I used Cuticura Soap and Ointment. I used the Soap every morning and evening and the Ointment every evening just before I went to bed. To-day my face is as clear as anybody's. (Signed) Miss Myrtle Oak, June 7, 1914.

Small Crowd On Boat Trip

Two small crowds attended the excursions of the steamer Honner Smith Monday afternoon and evening, the number on either excursion being the smallest ever previously recorded. The boat offered an attractive appearance in the evening, with its hundreds of electric lights burning, but the people of Portsmouth are evidently satisfied with boat excursions for the present and their interest could not be aroused.

A Cruel Girl

As the witching hour of 12 ap-
proached he waxed a trifle bold-
er.

"Won't you let me take a
kiss?" he begged.

"What is the difference be-
tween a kiss and a street car?"
responded the girl, with apparent
intent to change the subject.

"I don't know."

"Then you won't miss any-
thing by taking the street car."

At a Bridge Party

EACH TO HIS PART.

With the exception of the baby not yet able to toddle and those confined to room of sickness or pain, there isn't a single mortal that can not do something to most materially aid in making a cleaner and more beautiful Portsmouth.

Some can help affirmatively, some negatively, and yet the result of the effort of each show equally acceptable.

The householder can paint his home and put it in better repair. If he can't do that he can better the front of his premises, cultivate grass on the stretch of his sidewalks, not actually used as such and prevent the accumulation of litter in his alley.

The person who has no home, or does not keep house, can refrain from making disorder by carelessly throwing paper and waste promiscuously about and indifferently trampling down and wearing out the grass by making short cuts across the streets or intruding upon others' yards. It is among the strong possibilities that the person much more efforts not made to improve the city, is because many who start out in that direction, get early and utter discouragement because their work is set at naught by unthinking ones for the most part, but often by those just naturally, or habitually mean and destructive. One sows grass upon the unconcreted, or unplaid part of the sidewalk, it is often worn away underfoot; she puts flowers or ornamental shrubs in open ground, not infrequently the buds are stripped from them, the plant pulled up by the roots. This makes an experience heavy with discouragement.

It should be borne in mind that the work of bringing order and beauty in the city proceeds solely from a desire for these things and there is no other return than their relief agent. Naturally he who starts out upon them is easily discouraged by rebuff, or mistreatment and it therefore devolves upon his neighbors and citizens to at least do no damage to his work.

IN DEFENSE OF THE HORSE

A gentleman who calls himself "A True Friend of the Horse" sends up word that Al Windle has been paying the penalty for his desertion of that noble animal. According to "A True Friend" Mr. Windle started out in his fine new automobile for a pleasure drive and had the time of his life until he reached Two Mile hill on his way back home. There his engine stopped on him and all that he could do, or a dozen other motorists who stopped when Al ran up the white flag of distress, could do, would not start the pesky engine. Then, says "A True Friend", Windle wiggled to town for aid and "Bud" Stahlert went flying to the rescue. Arriving on the scene and hearing the tale of woe, he lifted the lid of the gasoline tank and to and behold, it was as dry as a bone. A gallon of gasoline was secured and the erstwhile hero of the horse kingdom came merrily on into town.

"A True Friend" says that Windle has been keeping mighty quiet about his experience, but he feels that it will create a better feeling in horse land if the facts were made public. Under such circumstances, only, we are willing to oblige. We bumped up against the no-gasoline proposition ourselves once upon a time and we know exactly how much a man will take for himself when the cause of the trouble is located.

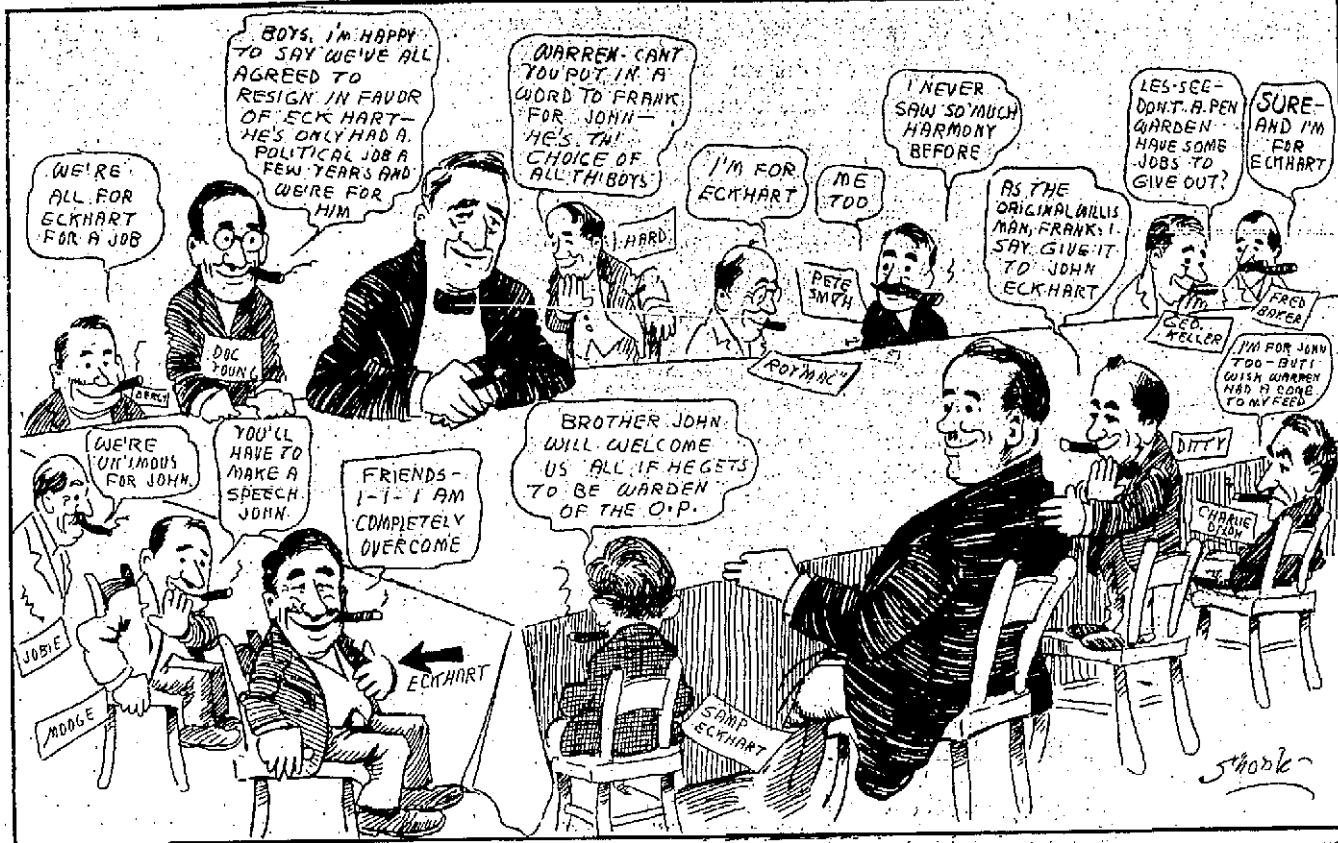

SYMPATHY FOR IRONTON.

The sympathy of this community goes out to Ironton in its latest disaster from the fire fiend. Ironton has suffered a great deal of late years from this cause and it seems that when it has a fire, it is generally one that hurts exceedingly. Coming now at a time when Ironton was moving along prosperously and with bright prospects for a good year, the loss is all the more to be regretted. We trust that Ironton will put her shoulder to the wheel with her old-time vim and energy and that she will soon be on deck with fine, modern buildings to replace those that were destroyed.

Inasmuch as the rest of the great men in these United States have been invited to the big feed in honor of our governor and our senator, we venture to mildly inquire why Col. Roosevelt and William Barnes were not also placed upon the guest list.

It has been observed that the only difference between a sigh and a whistle is a pucker.

SENSATION! HARMONY AT THE GET TOGETHER BANQUET.

AN OLD TIME PUBLICATION.

Speaking of old papers, William R. Bushwaw, druggist at the corner of Eleventh and Clay streets, has a copy of the "Ulster County Gazette", which was published at Kingston, New York, Jan. 11th, 1800, in which the rules of the inside pages are reversed on account of the death of General Washington, which occurred on December 14th, at Mt. Vernon. The paper published the proceedings of Congress of December 29th, at which Mr. Marshall announced in the House that the news of the death of General Washington which had arrived the preceding day, had been confirmed. Mr. Marshall's resolution that the entire House wait on the President to condole with him upon the loss to the nation, was adopted. The House called in a body upon the President at 5 o'clock that same afternoon and a number of eloquent tributes to Washington were paid. An account of Washington's funeral written by a correspondent at Georgetown, Va., was also published, in which the writer said among other things:

"A multitude of persons assembled from many miles around at Mount Vernon, the choice abode and last residence of the illustrious chief. There were the groves, the spacious avenues, the sublime scenes, the noble mansion, but alas, the august inhabitant was no more. That great soul was gone. In the long and lofty portico where oft the hero walked in all his glory, now lay the shrouded corpse. The countenance, still composed and serene, seemed to depress the dignity of the spirit which lately dwelt in that lifeless form."

After describing the funeral ceremonies, the writer closed his article with these prophetic words: "The sun was now setting. Alas, the son of glory was set forever. No, the name of Washington, the American president and general, will triumph over death. The unclouded brightness of his glory will illuminate the future ages."

Among the curious old advertisements in the paper, we note that one, John Schoonmaker, of Rochester, New York, is advertising for sale one-half of a saw mill, with convenient place for building, in the town of Rochester with an inexhaustible supply of fine wood nearby to be cut and saved. Also Schoonmaker advertises for sale "a stout, healthy, active negro wench" showing that slavery had not been put under the ban in New York state in that day.

In another advertisement John Tremper announces that he "has commenced business in the mercantile line and has a general assortment of dry goods and groceries which he will dispose of very cheap for cash or produce only." His new store was located in Kingston, N. Y., and he began business on December 14th, 1790, the date of General Washington's death. The family of Senator W. D. Tremper came from over in Ulster county, N. Y., and the John Tremper who announces his engaging in business was probably of the same family as the name is uncommon.

The agent evolves some sound philosophy, economic and otherwise, when he tells you it is a good deal cheaper to live with an insurance policy than to die without one.

With the creditable flower and plant embellishments at the postoffice and the Selby factory, the city beautiful comes something near realization.

Almost every one can help some in making a cleaner and more beautiful Portsmouth.

LOCAL FIRE DEPARTMENT READY FOR IRONTON EMERGENCY

Memories of volunteer fire department days were revived at the old N. & W. freight station, Tenth and Waller streets, Monday afternoon, when a part of the local fire equipment was being loaded on a car to be sent to Ironton in response to a call for assistance.

A special train had been made up at the N. & W. terminals consisting of an engine and tender, a flat car, a passenger coach, and two gondolas loaded with gravel for ballast. The train was hauled down to the old Tenth-street station, where the steamer and a hose cart had been driven by the firemen.

Fear was felt about driving the horses up the incline to the station platform, and the horses were unhitched. Scores of willing hands rushed the heavy steamer onto the platform, and assisted in loading it on the flat car. The same method was followed in loading the hose reel. The work was done under the supervision of J. T. Carey, superintendent of the N. & W., who had assumed personal charge of the relief train.

Railroad workmen had just completed blocking the fire vehicles on the car, and the engine was backing down to couple on the flat car when Mr. Carey received word through his office

that the Ironton department had the fire under control and that assistance was not needed. The train was thereupon sent back to the terminals, and the fire fighting equipment unloaded and driven back to the station.

A more disappointed set of men can not be imagined than the crowd which had helped load the fire vehicles and had scattered itself on every available inch of room on the car, ready to make the dying trip to the stricken city.

10¢ SENTANEL LAXATIVE TABLETS 10¢

CONSTIPATED? Well, don't be

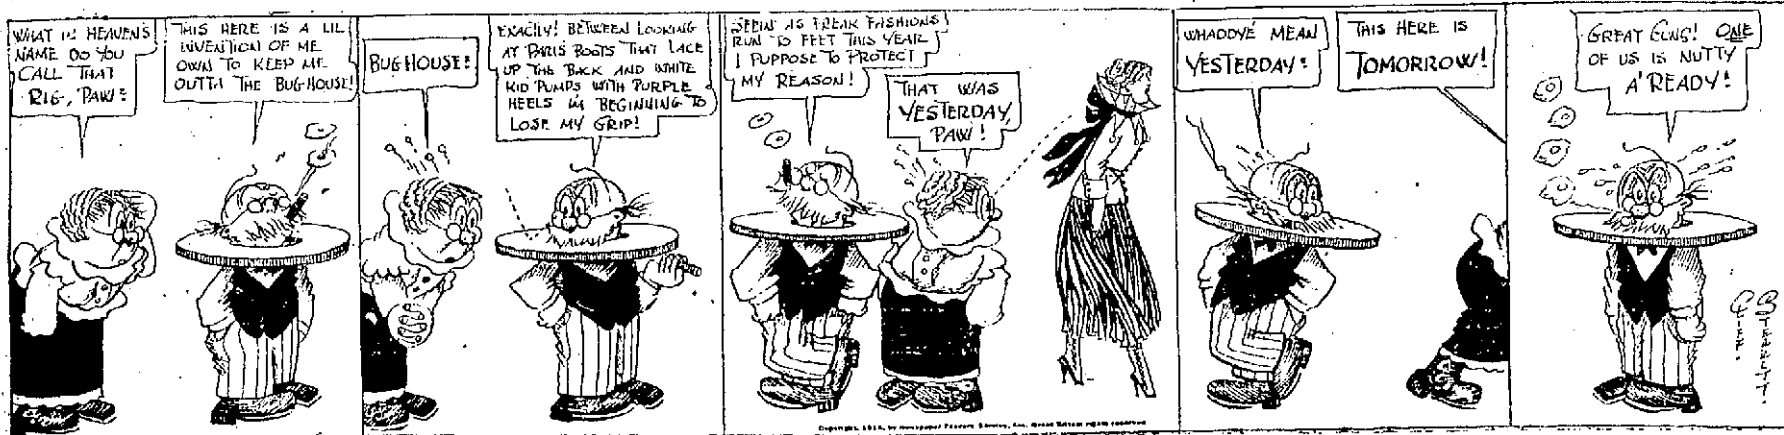

Sentanel Laxatives conquer Constipation, stir up the Liver, purify the Blood, make you feel great! Wonderful little performers—10¢

Sentanel Laxatives make you feel great, because they are blood tonic, as well as a laxative; they clean out and clear up the system just a bit better than any other laxative. Sentanels don't stop when they have rid the bowels and intestines of their trouble. They go on. They cleanse and purify the blood, and in that way add vigor and strength to every organ and muscle of the body. That's the reason for our statement that Sentanels are more than just a physic.

Sentanel works positively. They are an all-vegetable compound, put up in tablet form and sugar-coated. Not a bit of calomel in them, so you need fear no nasty after-effects that so often follow the taking of that drug.

Have your druggist send you a box of Sentanels tonight. 10 doses for a dime. Try them. If they don't come up to your expectations we will give you your money. In fact on getting Sentanels. If your druggist, for some reason, should not handle them and will not get them for you, we will be glad to fill your order by mail. Sample free for the asking. The Sentanel Remedies Co. GIRL IS FOUND MURDERED NEAR OLIVE HILL, KY.

UNCLE HELD AT
GRAYSON CHARGED
WITH THE CRIME

Huntington, W. Va., May 4.—Robert Frazier, 42, merchant of Ewing, Fleming county, Ky., is held in the Grayson, Ky., jail charged with the murder yesterday of Stella Kinney, 16, who for ten months past had lived in the Frazier home.

Frazier and the girl started to drive in a buggy from Frazier's home to the home of her father, Infield Kinney, in Carter county, Kentucky. Yesterday morning Frazier appeared at a farm house near Olive Hill, Ky., bleeding from slight wounds about the head, and stated that he and the girl had

Syracuse, N. Y., May 4.—The prospect of seeing both Theodore Roosevelt and William Barnes upon the witness stand drew another large crowd to the court house today, when the hearing was resumed for Mr. Barnes' \$60,000 libel suit.

Plan For Rebuilding
Of Colon, Panama

Colon, Panama, May 4.—Plans for rebuilding the large section of this city which was burned in the fire April 26, were discussed today at a meeting attended by President Porras and Secretary of Foreign Affairs Ernesto T. LeFevre with the principal merchants and land lease holders. The chief question discussed was whether the new structures should be of reinforced concrete rather than of wood, as was the case before the conflagration.

The commercial outlook in Colon is so gloomy it is feared many of those whose property was destroyed will lack funds to rebuild with concrete.

BALTIMORE HAS

DECIDE ON
ULTIMATUM
TO CHINESE

Tokio, Japan, May 4.—Minister of Justice Ozaki is quoted by the newspapers as having announced that the cabinet has decided to send an ultimatum to China urging her to reconsider the decision to make no concessions to Japan.

It is explained in official circles that Japan has no desire to resort to force, but that China "must be made to realize this country is determined upon the acceptance of its program for solidifying the peace of the Orient."

The belief is professed in some circles that China may send word at the last minute that additional concessions are possible and in this way avert the ultimatum.

Celebrate
In Berlin

Berlin, (Via London), May 4.—The reports announcing a great victory in the Carpathians yesterday led to the entire city of Berlin decking itself with flags. The Central telephone stations, the newspaper offices and hotels were besieged by crowds seeking details.

The excitement began when the authorities received orders to fly the flags "on account of a great victory in the Carpathians."

FINLAND MUST
PAY HER SHARE

London, May 4.—A dispatch to the Daily Telegraph from Petrograd says that a council of ministers has decided that Finland, which up to the present has contributed neither men nor money, must pay its proportionate share of the extraordinary expenditure for war.

The share assessed against Finland, the correspondent states, is 1.8 per cent of the total expenditure.

KING POSTPONES HIS
VISIT TO CEREMONY;
SIGNIFICANT ACTION

Rome, May 4.—(via Paris)—The decision of King Victor Emmanuel and the members of the ministry not to take part in the ceremony of the unveiling of the Garibaldi monument at Quarto San' Elena is being commented upon today as a step of very great significance.

The presence of his majesty at the unveiling had come to be regarded as virtually tantamount to a declaration of war. Now the change in the king's plans is regarded as meaning that the participation of Italy in the European conflict again has been postponed.

The hope is being entertained by the pacifists that efforts of Italy to arrange a peaceful solution of her problems may ultimately be successful.

"In view of the international situation, the King and his ministers cannot leave the Capital to be present at the unveiling of the Garibaldi monument at Quarto San' Elena," was the text of a note issued after the meeting of the cabinet yesterday. Its publication produced a profound effect upon public opinion.

Conference Followed By Cabinet Meeting

Abandonment of the plan for the participation of King Victor Emmanuel and high government officials in the ceremonies attendant upon the unveiling is believed to have been the result of the call made by Prince Von Buelow, the German Ambassador, upon Foreign Minister Sonnino Sunday night.

The details of this conference are supposed to have been presented at the meeting of the cabinet, the call for which was not issued until yesterday morning. The ministers assembled two hours later and the council lasted four hours. All the ministers arrived promptly at 11 o'clock, except Minister of Justice Orlando, who was absent from Rome, and he returned to the city in time to take part in some of the deliberations.

Immediately after the council Baron Sonnino, who had called upon the King before the session opened, went to the consulate where the first secretary of the German embassy awaited him. After receiving a verbal communication from the Baron, the secretary hastened to Villa Malto, the private residence of Prince Von Buelow, while Foreign Minister Sonnino called on him for the second time.

40 Cars Entered

Indianapolis, Ind., May 3.—Forty cars have been entered in the 500 mile automobile race which will be held at the Indianapolis Motor Speedway on May 30. Only three foreigners have been named as drivers for the contest. These are Thomas, winner last year, and a number of his competitors in the 1913 contest were prevented from entering this year's race by the European war.

Practice at the Speedway is being held daily. The elimination trials have been set for May 21, 22 and 23. The thirty cars which make the best speed in these trials will start the race.

Prediger Enters Insurance Field

Hyron Prediger, who for sometime had charge of the Play House having allies and who is considered one of the best all round bowlers in this section of the state has resigned and has been succeeded by Ralph Mansfield.

Mr. Prediger has been made district manager of the Pittsburgh Mutual Insurance company with offices in the First National building. He will have five counties in his jurisdiction, Scioto, Brown, Adams, Jackson and Pike. Mr. Prediger's friends feel that he will make a success of his new venture.

He will frequently put the Athletics out of the pennant race in April, but it is a different kind of a contest in September.

CHIRPINGS FROM CHILLY

(Chillicothe News Advertiser)

Manager Devore has released Sullivan, catcher; Well, first baseman and Snyder, outfielder. Forrest Ashley, the local boy who was trying out for first base on the local club asked for his release. Manager Devore complied with his wishes.

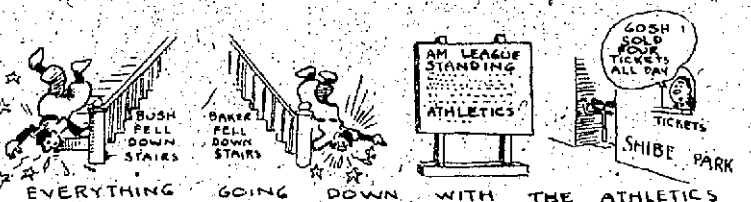

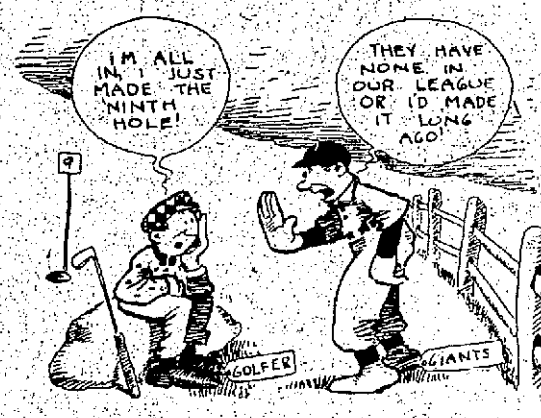

Leo Lewis, a catcher who is coming highly recommended, is expected in some time Saturday. This is one of the weak spots of the club at present, but the management is doing everything it can to bolster up the receiving end. Lewis has had considerable experience and it is hoped that he will fill up a big hole for the club.

Joe Lamb who is working out at first base is doing great work and looks like a real find. His fielding is fast and he is hitting the ball in great style.

Harry Devore, brother of Manager Devore, is working out with the local club. He is doing very nice work in several different positions and is hitting the ball like a fiend. He may be given a permanent berth on the club if he continues his good work.

Cincinnati had an off day Monday. Many fans thought they had several in St. Louis last week.

(Chillicothe Gazette)

Frank Nesser is still the property of the Chillicothe club. While here he had a talk with Manager Devore but they did not come to any terms. A contract was sent to the first sacker in the spring, but he was not satisfied with it and refused to sign. He cannot play ball with any organized club until released by the local club.

STOLE EVERYTHING BUT CITY PATROL

(Jronton Register)

Bill Doherty stole two boys Sunday but he denied that he was one of the prominent society men who stole and the patrol Saturday evening. Bill is a little speed merchant who has played amateur ball in Portsmouth for several years but who is still a young man.

May Run Special

Portsmouth plays the first Sunday game in Trenton on May 16 and a special will be run over the N. & W. or extra coaches will be attached to No. 16 leaving here at the noon hour. President Galdeman was in conference with Passenger Agent H. E. Scott Monday and it is more than likely that a special will be run over the N. & W. in Trenton on this date. It will no doubt carry many dyed-in-the-wool fans out of the city.

Roll At Huntington

Ralph Mansfield's quintet of duck pin bowlers all primed for a return match with the Huntington Five will leave for Huntington Sunday and Tuesday. The Huntington Five is doomed to defeat. We shall see.

30 MACHINES MAY MAKE TRIP

President William Galdeman has hit upon a novel idea to swell the opening day crowd at Chillicothe on Thursday May 3. He will try to arrange for an automobile party in which about 30 machines will make the hunt. If the trick can be pulled it is possible that the River City band will be taken along. Two or three could be taken in various machines and the cavalcade would no doubt add an attractive feature to the opening day in baseballtown.

GRIFFITHS WON OVER MATT BROCK

Akron, O., May 4.—Johnny Griffith, Akron lightweight, outpointed Matt Brock of Cleveland, in a 12 round bout here Monday night, the majority of sport writers decided. Griffith was given eight rounds, Brock two, and two rounds were declared even.

Youngster Is The Leader

Here is what the Red pitchers are doing these pretty May days:

	G	W	L	RA	BA	Ave
Dale	7	2	0	6	5	1.000
Schneider	6	2	0	19	7	1.000
Leah	5	1	4	5	13	.500
Benton	5	2	2	11	13	.500
Ames	7	1	2	11	10	.333
Douglas	5	1	2	17	17	.333
Brown	1	0	1	1	1	.000

SOME PUNISHMENT

Manager Buck Herzog of the Reds may not be the best boxer in the world, but he certainly can administer a world of punishment. He has been in Cincinnati two years.

FRANK WOLFE WAS IN GAME

In commenting on Sunday's game at Chillicothe with the Bate team of Columbus the Chillicothe News Advertiser says:

Frank Wolfe, former Bate, played at short and scored two nice hits. Frank is a fine pitcher and played last year in the Virginia league. He has not yet signed with any club for this season.

TO SEE BIG GAME

Messrs. George Kieker, Fred N. Tynes and W. A. Hutchins and a party of friends will motor to Huntington Wednesday to witness the match duck tournament between Portsmouth and Huntington.

Peace Rumor Was Denied

French Lick, Ind., May 3.—James A. Gilmore, president of the Federal League, who arrived here today, denied the report that he came for a peace conference with representatives of organized baseball.

BRENNAN WAS GIVEN DECISION

Cincinnati, May 4.—"K. O." Brennan of Buffalo, N. Y., was given the decision over George Brown, of Chicago, in a fast ten round bout here last night. The decision was announced by newspaper men.

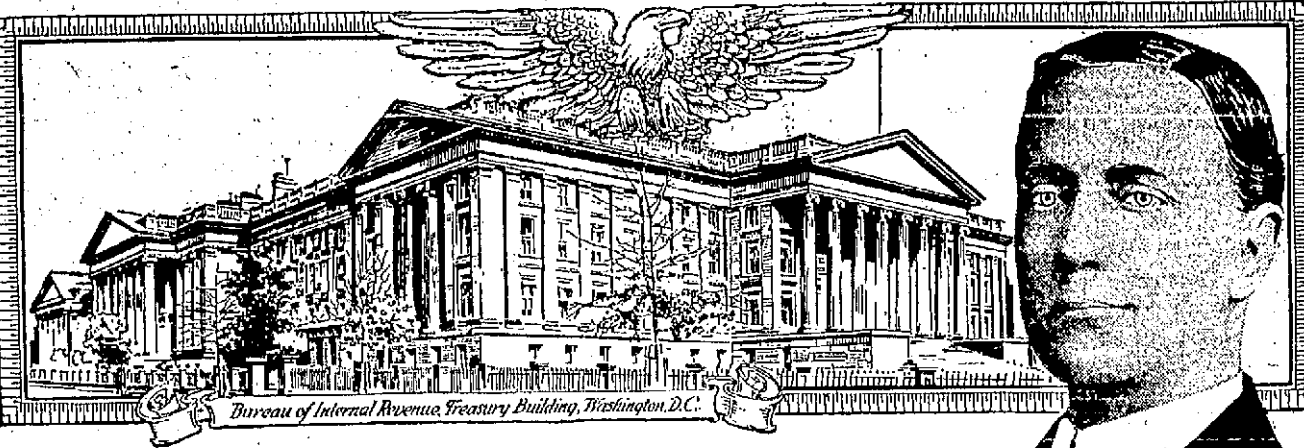

A REAL PITCHER

Pitcher Tack of this city is rapidly rounding into a real pitcher and should have no trouble in catching on with some Ohio State league team. He has shown a lot of stuff this spring.

"The Best Tobacco Made"

Emphatic Statement by an Eminent Authority—Pipe-smokers, Read what John G. Capers Has to Say

"When I was Commissioner of Internal Revenue under Presidents Roosevelt's and Taft's Administrations, I had a great deal to do with tobacco. In the collection of millions of dollars of tax I came intimately into contact with the whole business. Tuxedo I consider the best tobacco made. I smoke it myself and find it soothing and restful, mild, fragrant and non-irritating to the throat."

John G. Capers

Mr. Smoker, that's evidence straight from an authority that Tuxedo is the top-notch smoke of them all. The tobacco that a famous Internal Revenue Commissioner chooses for his own smoke because he considers it the best tobacco made.

And remember this, men:—that's picking Tuxedo from a mighty big field; for between you and us the account sheet, the Government collects \$100,000,000 a year in revenues from tobaccos.

Mr. Capers is now a prominent and successful practicing lawyer in Washington, D. C., and we are glad to

include his name in Tuxedo's great list of friends. It's the same old story everywhere Tuxedo is tried: Quality tells.

Don't quarrel with your pipe and don't quarrel with your tongue. Take your tobacco troubles to good old Tuxedo!

Your pipe'll be sweet and your tongue'll be sound if you smoke Tuxedo. Tuxedo can't bite or blister. That's all taken out by the famous "Tuxedo Process"—the original process which the other brands like so well that they try to imitate it.

And you'll find the Internal Revenue Commissioner absolutely right as to Tuxedo's quality.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

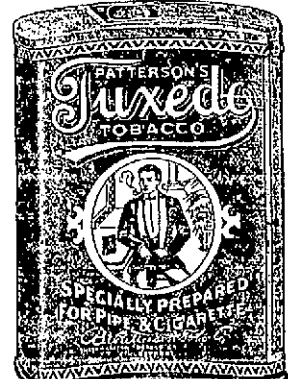

Try Tuxedo for a week, and you'll know why Mr. Capers and thousands of other distinguished smokers say that it is "the best tobacco made."

IRONTONIAN PLACES LOSS IN THE BIG FIRE AT ALMOST \$100,000

The Iron Irononian this morning had the following estimates of the losses in the big fire there yesterday.

Following is the statement of the fire losses based upon the best information obtainable, but they are necessarily purely a matter of estimate.

Masonic Fraternity, building and lodge fixtures and paraphernalia, loss, \$50,000; insurance about \$30,000.

Otto Owen's Pharmacy, loss on stock about \$4,500; insurance \$22,000.

Iron City Savings Bank, loss on fixtures, about \$1500; insurance \$15,000.

Thirskelson's store, loss about \$800 to \$1000; partially covered by insurance.

Dodds & Co., monument dealers, office in charge of John M. Johnson, loss estimated \$500; insurance not known.

John Billman, tobacco office, loss probably \$300; insurance not known.

Anderson's Barber Shop, loss probably \$300; partially insured.

Mittendorf & Sons, loss \$900 to \$1000; fully insured.

Boston Dry Goods Co., loss probably \$500; fully insured.

The Leader, loss \$500; fully insured.

Furlong Building, loss \$1000; fully insured.

Knights of Columbus, loss \$500; partially insured.

Losses of a lesser nature, all covered by insurance were sustained by Home Dry Goods Co., United Fuel Gas Co., the Sugar Bowl, A. L. Harmon, Woolworth Co., Vina Shelton, Morgan & McQuigg, Central Hardware Co., C. B. Alderman, H. M. Morton and George Hayes.

The total loss may be conservatively estimated at between \$80,000 and \$100,000, as there were many small losses by residences igniting from sparks not enumerated in the above list.

The burned building was erected in 1887 after fire which completely destroyed the original Masonic building.

It is assured that the Masons will at once take steps to replace the burned structure with a more modern building.

The fire originated shortly before noon and the flames were not entirely extinguished until after six o'clock in the evening.

SUBMIT PLANS FOR HARVARD OPENING

The city board of control has prepared a report to city council on the proposed opening of Harvard Place through to Ninth street.

Following is the report:

Property necessary to open this street and provide for the sidewalks would be the lot and house of Edgar Millar and five feet of a lot on which there is a house owned by Dr. E. C. Jackson, adjacent to which there is a lot and house owned by Hermann Huels which could be bought, and the house of Millar's moved thereon as set out in the first plan:

Plan No. 1:

Edgar, Millar house and lot, \$3200.00

Dr. Jackson house and lot, 2350.00

Hermann Huels' house and lot, 2350.00

Moving Millar house to Huels' lot, 500.00

Total, \$8400.00

Probable sale value of Millar house, \$2750.00

Probable sale value of 20 ft. Jackson lot, 1250.00

Cost to the city under this plan, \$4400.00

Plan No. 2:

Miller house and lot, \$3200.00

Five feet from Jackson lot, 500.00

Reinforcing the Jackson house, 200.00

Total, \$3900.00

Probable sale value of Millar house, 500.00

Cost to the city under this plan, \$3400.00

Plan No. 3:

Miller house and lot, \$3200.00

Jackson house and lot, 2350.00

Total, \$5550.00

Probable sale value of the Miller house, \$500.00

Probable sale value of the 20 ft. lot, 1200.00

Cost to the city under this plan, \$3250.00

The Board submits the latter as the most feasible plan. Advertise and sell the salvage at public auction and add seventy-five per cent of the total property cost to the net cost of the street improvement, and assess such in the paving cost against the abutting owners.

This for the reason that when property was acquired on this isolated thoroughfare it was at low

cost and that the improvements contemplated will add to the value of individual holdings and should therefore become a part of the total cost which invariably adds value and advantage thereof.

If the plan of opening is not undertaken we suggest that the street be improved as far as it has been established.

Small Crowd On Boat Trip

Two small crowds attended the excursions of the steamer Homer Smith Monday afternoon and evening, the number on either excursion being the smallest ever previously recorded. The boat offered an attractive appearance in the evening, with its hundreds of electric lights burning, but the people of Portsmouth are evidently surfeited with boat excursions for the present and their interest could not be aroused.

On Fishing Expedition

Dick Thornton headed a party of West End young men that started out Monday on a fishing expedition up the Scioto river.

FLOOD WALL DAMAGES

The city board of control has recommended to city council the appointment of Messrs. George Zottman, Harry O. Ingles and Thomas Lawson as a citizens' committee to interview abutting property owners with a view to agreeing upon reasonable damage claims in connection with the proposed flood wall extension.

PETIT JURY MONDAY

Members of the petit jury have been notified to report for duty in common pleas court next Monday morning at nine o'clock by Wylie Kates, court bailiff and assignment clerk. The trial of the \$5,000 damage suit of Mary Montgomery against Mary E. and Clarence O. Mitchell, partially heard last week, will be resumed at that time. Dr. C. S. Early, an important witness, whose absence from the city necessitated a continuance of the case, has since returned.

To Arrange For Carnival

Authority was given officers of the Portsmouth East of Owls at the meeting Monday evening to enter into a contract with the management of the Shirley Greater Shows for an engagement in this city during the month of August. This is the same company that exhibited here last year under the auspices of the Owls, and it is announced that the company is bigger and better than ever before. The meeting was brief and but little business came up for discussion.

S. of V. To Meet

Vienna Camp Sons of Veterans, at their meeting in Selby (I. A. R.) hall, this (Tuesday) evening will take up the matter of summer outing visits to other camps in the district and a committee will be named to formulate a schedule. As almost all the other camps meet on Saturday evenings it will work no hardship to make those visits. Ironton and Painesville will be included and return visits will be made to Vienna later.

Old Friends

John Dewey, the chief of police of the excursion steamer Homer Smith, is an old friend of Gus Hoerner, one of the proprietors of the Washington hotel bar and they have had several pleasant meetings the past few days.

CONCERTS AT THE PARK WILL START MAY 30

The first band concert in the Millbrook Casino will be rendered Sunday evening, May 30, by the River City Band.

This will be the fourteenth year the band has played in this picturesque park, a contract for this season having just been signed up. The band has been rehearsing all the new stuff in a musical way and will render attractive programs as usual.

Leader George Kah has the happy faculty of catering to all musical tastes in shaping up the Sunday programs. The band has been recruited right up to the handle, it is announced, and soon the sweet strains of the band will float over Millbrook.

DR. FETTER BETTER

Dr. S. P. Fetter is so much improved that he is able to sit up a few hours each day and is gradually getting his strength back. His appetite is very good and he is being permitted to eat practically every thing.

Many Working

All of the old time employees of the N. & W. shop forces at East Portsmouth have returned to work during the past week and the plant is now in full operation on the eight hour per day work plan. Many of the men had been laid off since last October.

SECOND ANNIVERSARY BANQUET

Ladies of the Magebees will celebrate the second anniversary of the founding of the local Tent this evening with an elaborate banquet, which will be spread at the conclusion of their regular meeting. The regular meeting will be called to order at 7 o'clock and will be rushed through as quickly as possible so as to afford plenty of time for the festivities.

The Knights and their families and friends are invited guests to the banquet, and their attendance is earnestly desired.

Police Are Kept Busy With Raids & Fights

The police were kept on the jump Monday night, three different fights, a raid and other minor offenses causing the unusual activity.

Jim Long and Jim Baisten had a fierce fight at the George Foch's saloon and Baisten needed the services of a doctor to dress a wound on his head. They furnished bond and were released.

Earl Sly and George Barr, a grocer of Gay and Front street, got into a fight over an account, and Sly was arrested.

John Sikes and Willis Underwood also "hooked up," the latter, so

police say, accusing Sikes of slandering his wife.

The home of Almada Lewis, near the Kane Bros. brick yard on Tenth street, was raided at 11 o'clock and a woman giving the name of Chatterline Cooper-Brown, a bride of a few months, was caught in a room with a man giving the name of George Sales. She was locked up while he was released on bond. The Lewis woman was ordered to appear in court Tuesday morning. She was recently ordered out of town for conducting an alleged disorderly house.

WANT HOUSES NUMBERED

The city has advised the New Boston authorities to number all houses of the village with a view to perfecting the records of all water service permits taken out there.

WHEELERSBURG "GRADS" ARRANGE CEREMONIES

Arrangements for Wheelersburg High School's class play and commencement have about been perfected. The baccalaureate sermon will be delivered Sunday afternoon, May 16th in the Wheelersburg M. E. church by Rev. Albert Marting of the Fourth Street M. E. church of this city.

The class play, "What's In A Name" will be given two nights, Wednesday and Thursday, May 19 and 20th. The commencement exercises will be held on Friday, May 21st when school closes.

E. Wolfe, secretary of the Appointment Committee of Ohio State University, will deliver the

address to the graduates. The class this year is composed of twelve students, seven girls and five boys as follows: Marie Jones, Averil Hunsinger, Evelyn Hunsinger, Hazel Fritz, Nell Griver, Clara Cranstun, Anna Miller and John Oakes, John Sauer, McKinley Sauer, Raymond Gleim and Louis Smith.

Mr. Overstreet Here

James W. Overstreet, a Southern Express official of Bluefield, W. Va., formerly of this city, was here on company business Monday.

KARNIVAL AND ARMORY PROJECTS ARE BOOSTED BY RETAIL MERCHANTS

The possibility of Portsmouth securing an Armory that would be complete in every detail and would give the city what it has long needed, a commodious structure in which meetings of all character could be held, assumed a more tangible aspect when the matter was formally broached to the directors of the Retail Merchants' Association, who held a special meeting Monday night.

It was announced that the state, as is usually the custom, will furnish \$20,000 for the building providing that the city donates a free site for the structure.

The various angles of a proposition of this character were gone into pretty thoroughly and Capt. James Smith, who is at the head of a movement to establish another military company, here announced that the city would have no trouble in securing an appropriate site for such a building if a free site was forth coming.

While the directors present favored the plan definite action was deferred, until the sentiment of the Retail Merchants' Association as a unit could be secured.

"If for one heartily favor the plan as the city is in need of a large building such as the now proposed armory would be," said President Charles Daehler of the Retail Merchants' Association, Tuesday.

"If the state is willing to give us \$20,000 the task of securing a suitable site should not be such a large one and the matter will be given our best attention," Mr. Daehler declared today.

Other short talks were made favoring the move and now that the Armory question has been put up to one of the best and most enthusiastic organizations of the city it is highly probable that this matter talked of for several years will soon begin to take on concrete form.

Plans were also laid for a bigger and better Korm Karnival last night. Chairman of the various committees were present and all had many timely suggestions that will make for a Karnival the like of which in magnitude and enthusiasm has never been witnessed in the Buckeye State.

Special attention is to be given free attractions this year. An effort will be made to secure that spectacular attraction "Fighting The Flames." "We feel that by bringing attractions of this kind to our show we will elevate it and make it more attractive than ever," said Mr. Daehler today.

"The various chairmen are strong for new features and from now on our time will be utilized in mapping out a plan that will increase the attractiveness of the Korm Karnival."

The choral contests will be a new feature and a most pleasing one. Invitations will be extended to schools in Ashland, Ironton, Huntington, Waverly, Greenup, Vanceburg, Peebles and Picketon to compete for the handsome prizes to be put up for the best singing society. Farmer's Day is

to be broadened and a special effort will be made to have each township in Scioto county represented in the big parade. It was a success last year, but greater things are being planned for Farmer's Day this year.

Last night's meeting started the Korm Karnival ball rolling in great shape.

Deeds filed for record Monday were:

Emma F. Briggs and husband to William H. Wagner and Sarah Wagner, 4.93 acres in Washington township, \$1 et al.

Charles V. Wertz and wife to William J. Wagner, parts of Lots 47 and 48 in George B. Greene Centennial Addition, \$1 et al.

Mary E. White and husband to Joseph Reiser, parts of Lots 109 and 103 in the William F. Dawson subdivision, \$1 et al.

H. A. Bierley to John A. Lowry, part of Lot "D" in the Robert Bell subdivision, \$1 et al.

Milton D. Bayless and wife to Jackson Cropper, parts of Lots 47, 48 and 44 in Portsmouth Real Estate Company's Addition, \$1 et al.

OSTEOPATHY at HOME

PRACTICAL LESSONS WHICH WILL BENEFIT HEALTH

HOW TO STOP A SNEEZE

Spasmodic Attacks of Hay Fever May Be Relieved—Distressing Feature of Head Colds Helped by Pressure.

By Dr. R. Kendrick Smith.

NOBODY can prevent a sneeze by the simplest possible application of home osteopathic treatment. There is always a little wincing preceding one of these annoying spasms, and it is sufficient to give one a moment when a sneeze would create embarrassment, as in church or during a dramatic pause in the theatre or in the midst of a banquet, however, that a sneeze should always be stopped immediately, for sometimes they are of decided advantage and have a distinct purpose to fulfill.

An Act of Nature.

The act of sneezing is an effort of nature to expel some invader from the nose, or to stimulate heart circulation of blood, or to increase secretions of mucus. In such cases it is a mistake to prevent it. But when the sneeze is caused by an abnormal excitement of some of the nerves in the nose or by a local inflammation, it may become an intolerable nuisance and not serve any useful purpose.

This treatment is so simple that it can be administered by the patient, just as well as by an osteopathic practitioner, although not until one acquires a certain proficiency as a result of repeated experiment. If the reader fails to obtain the result from his first attempt, he should persevere until he acquires the technique of applying the pressure tactfully and in the right spot.

The reader must not, however, confuse the relief of a symptom with the removal of the cause. He can stare off any sneeze and he can often decrease the frequency and sometimes even cause the attacks to cease, but he must remember that he is only treating a symptom, and that the real osteopathic way to look at his case, if he does not get sufficient results, is to inquire into the underlying cause producing these symptoms and to have an osteopathic practitioner remove it by adjustment.

Hay fever, rose cold and other recurrent affections, associated with certain seasons of the year, make the nose a conspicuous portion of the face to the intense embarrassment of the owner and the annoyance of those within hearing. The osteopathic home treatment for the sneeze is equally applicable in such cases as this, but is usually under these conditions

merely a temporary or palliative treatment and should be relied upon for convenience and immediate relief only, other pressures and adjustments too complicated for home application being necessary for the cure of disease. The victim, however, will be glad to learn that there really is an osteopathic cure for hay fever. It is a very new one and has not yet become generally known, but some of the osteopathic specialists have already cured hundreds of cases with their fingers alone.

The Best Results.

The illustration shows the reader how very easy it is for the patient to stop his own sneeze. All she has to do is to hold the forefinger firmly and steadily across the upper lip at the root of the nose. It is absolutely impossible for a person to sneeze when this pressure is properly applied.

For the best results and, particularly, to avert repetitions, the pressure should be continued for two minutes, not what you think is two minutes, but what the clock tells you is two minutes. The pressure must be on the upper part of the lip and it must be concentrated in the very middle line of the face and must be upward rather than downward. It must be in the little depression which divides the upper lip into two halves. When the finger is pressing here it should be able to feel the little bone which divides the nose into the two nostrils. If the first attempt fails, try moving the lip slightly from side to side while continuing the pressure, but without letting the finger slip on the skin.

Excessive nasal discharge will sometimes be considerably lessened by repetitions of this treatment. The same pressure may also be used for nose bleed, in which case the finger is carried clear across the upper lip and curved so, as to press over a greater area.

Hold forefinger firmly and steadily on the upper lip for two minutes.
